Student Council officers elected

BY KRISTINE CARPENTER
On Wednesday, May 8, the Rice High School student body met in the gym for an assembly. Rice High School Student Council president Derrick Williams announced the candidates for the 1985-86 president and vice president of Student Council. Running for president were Beverly Rucka, Valerie Benge and Tina Grahmann. Those in the running for vice president were Laura Appelt, Susan Kaluza and Vantrese Tillman. After each candidate gave their speech, Coach Jane Dostal introduced the candidates for cheerleader in groups of three.

Each group performed a cheer for the student body. After this, Mr. Grahmann asked the seniors to remain at the assembly. He told the seniors that they have been a good group and everyone has the ability to graduate. Mr. Grahmann told the seniors not to give up now because they were too close! The seniors were then dismissed.

The outcome of the Student Council officer election is as follows: Beverly Rucka, president and Laura Appelt, vice president. Congratulations to the winners and good luck next year!

Scholarships available for international travel
Scholarships of up to \$800 can be applied toward international education and travel programs are available to families who host English-speaking young people of high school age coming to the United States for a semester or academic year. This exciting intercultural exchange program is sponsored by the American Institute for Foreign Study (AIFS) Scholarship Foundation of Greenwich, Connecticut. Visiting students come to the U.S. from Germany, Spain, Japan and twenty other countries. They attend local high schools during their stay. Many families could provide an ideal home for a visiting student, said Paul A. Cook, executive director of the foundation. "We can match the student's interests to yours, and you can screen applications to choose the youngster you like best."

Most family members then earn scholarships applicable to over 100 different international learning tours suitable for junior high, high school, college or adult travelers. Programs ranging from one week to a full year include homestays, cruises and campus stays. Each has some educational and cultural focus, be it an intensive language immersion or a one week tour. For free information, send a post card to Laurie Douglas, Department TE, AIFS Scholarship Foundation, 100 Greenwich Avenue, Greenwich, Connecticut 06830, or you may call toll free (800) 248-5267 east of the Mississippi, (800) 841-0028 in California, or (800) 458-7100 west of the Mississippi.

School Menu

During the last days of school, the menu for each school was made up by the cafeteria crew. The menus are made up of what is in the storage and freezer compartments.

Worn out nuclear plants
What would you do with a worn out nuclear power plant? National Wildlife magazine reports that after 25-30 years nuclear power plants simply wear out. They reach the point where it is no longer economical to replace weakened parts. The Department of Energy estimates that within 15 years as many as 70 nuclear power plants could be ready for the scrap heap.

All features great and small. Southwestern Bell Telephone introduces five new TELE-HELP booklets.

TELE-HELP is a special information program created by the employees at Southwestern Bell Telephone. We've designed it to provide answers to our customers' questions as well as reaffirm our company's commitment to the community. Home security is something that concerns us all. But, in reality, many people don't know how to prepare for an emergency in advance. This booklet gives you tips on how to do just that. Annoying phone calls can happen to anyone at anytime. But you don't always have to be a victim because there are a few steps you can take to deal with this nuisance. We developed this booklet to tell you about them. Home wiring tells you how you can save money by installing new wiring or changing existing wiring in your own home. It also tells you about the options available if you would rather have someone else do the work. A Guide to Establishing New Service tells you about all the steps involved, and what to expect, when setting up your new phone service.

Local Service Options tells you about the range of services that can enhance the value of your phone. Including Custom Calling Services, Easy Access Dialing and Touch-tone service. To order your free TELE-HELP booklets, send in this coupon or call TOLL-FREE 1-800-325-2686, extension 81, Monday-Friday, 8 a.m.-4 p.m.
