The Texas Alpha Sigma Omicron chapter of Beta Sigma Phi in Garwood has come to the closing of another year.

Members involved themselves in many things throughout the year. Donations were made to the Cystic Fibrosis Foundation and the Statue of Liberty. The chapter sponsored a very successful "child finger printing program" at the Garwood and Nada schools.

The Ways and Means committee conducted two very big money making projects. The first being a raffle and "jail" at the Lion's Fair in October. In March the chapter had a scholarship raffle and bake sale.

Many socials highlighted the year including a Christmas party, Valentine's party and most recently a Mother's Day luncheon which was held at Marvin's Inc. in Altair. A delicious meal of shrimp salad in avocado halves, potato salad, and fruit dessert along with blueberry muffins and iced tea was served. Members and guests enjoyed the afternoon.

The chapter ended the 1984-85 year by awarding two \$150 scholarships to two graduating seniors. The recipients this year were Janice Hyek and Linda Korenek, both of Nada.

Members of the Alpha Sigma Omicron wish to thank all who have contributed to this special year. We recognize and appreciate Richard Seifert and the American Rice Growers Association for the use of the meeting room.
