Strawberry Shortcut

1 (16 1/2 oz) frozen pound cake, thawed
1 pint strawberries, sliced and
sweetened
1/2 c. (4 oz) thawed non-dairy
whipped topping
Cut cake into 12 slices. Place 6 of the
slices on a large serving plate or 6
individual dessert plates. Arrange half
the strawberries on cake slices. Spread
with half the whipped topping. Repeat
layers, ending with a dollop of
whipped topping. Makes 6 servings.

Savor your first taste of springtime with our big, new crop of red ripe strawberries. Come in now and get these luscious favorites at their fresh flavor peak. **Storage and Preparation Tips:** Arrange in a single layer in a shallow container for refrigeration. Never remove caps before washing, and wash the strawberries only right before you are ready to use them. The cap prevents water from soaking into the berry and diluting flavor. Pat strawberries dry with paper towel before serving.
