### Local firemen inform Alpha Delta Phi on fire safety

An informative program on "fire safety in the home" was presented to members of Alpha Delta Phi sorority on May 19 by Ronnie Miller and Chuck Stephens, volunteer firemen with the Eagle Lake Fire Department. The 301st business meeting of the organization followed with president Gail Guthman presiding.

Members enjoyed viewing creative thank yous made by the Special Olympics participants for the juice provided for their recent meet, and a thank you was read from Vicki Powers thanking members for the toy and meal provided when Andrew

underwent surgery. Alpha Delta Phi decided to participate in the Colorado County Special Olympics committee's Sponsor-an-Athlete program in order to help keep the athletic program underway for these special children.

Enthusiasm is high among members in planning the fall style show and luncheon, the second such fundraiser staged by the sorority through the years. The event is scheduled for Saturday, September 27 in the Eagle Lake Community Center at noon. Theme for the day will follow the international theme for 1986-87, "Share the Dream." Members were assigned to

committees for the workload. Social chairman announced final plans for the May 24 social, and the service committee reported Janice Obenhaus would be making the May hospital tray favors.

Melody Grigar and Gail Guthman reported on the academic banquet they attended at Rice High School on May 12 at which time they announced Beverly Rucka as the Alpha Delta Phi scholarship recipient.

Hostess Janice Obenhaus served refreshments as members enjoyed socializing following the close of the final meeting prior to the summer break in activities.

### ANNOUNCING SOME GOOD NEWS ABOUT YOUR ELECTRIC BILL

- 1** A large one-time reduction.  
The biggest thing that has happened to your electric bill in a long time is the fuel refund that lowered your bill last month. That was a one-time credit, which reduced the amount you paid by almost two-thirds. Now your bill will be getting back to normal. Or almost. Almost, because while the fuel refund had a large effect for one month, that is not the only thing that's been happening to your bill.
- 2** Lower fuel costs. Lower bills.  
Last year the fuel factor on your bill was reduced two different times. Result: lower bills.  
Earlier this year, CPL began applying new rates. The new rates are based on a \$25 million base rate increase and a \$68 million dollar fuel factor reduction. Result: lower bills.
- 3** Summer's coming.  
Another major factor will influence electric bills in the near future. Old Sol, Summer causes many people to increase their use of electricity, and summer electric rates are slightly higher than winter rates. So think about how you are using electricity this summer. Watch your air conditioner's thermostat settings, keep doors and windows closed, and make sure your major appliances are operating efficiently.
- 4** Good year for electric bills.  
Overall, the past twelve months or so have been good ones for electric bills. The average price of a kilowatt hour for CPL's residential customers has come down from 7.35¢ in January, 1985 to 6.40¢ last April. That's a reduction of about 13%. We're always working to keep your electric service dependable and economical. And it sure brightens our day to give you some good news.
