Dude ranch converted to tennis resort

John Newcombe's tennis ranch, located deep in the Texas hill country, has been in operation for the past decade. Originally a dude ranch, it has been converted into a Texas-style tennis resort offering a variety of programs for both adults and juniors.

The tennis ranch has 28 courts, eight of which are lighted and four are covered, making it one of the largest tennis facilities in Texas. The teaching philosophy is one that ensures that each camper not only improves his or her game but more importantly that they have fun both on and off the court.

On-court activities at the ranch include instruction on stroke technique, doubles and singles strategy, a video critique of each stroke, drills and fitness programs designed to improve quickness, strength and endurance. Off-court activities include swimming, barbecues, dances, pro exhibitions, video games, movies and much more.

Watson receives first in safety driving award

The Sand and Gravel Motor Carriers Association convention was held in Kerville, Texas April 17-20 at the Yo Ranch Hilton. The main topic at the convention was the naming of the recipient for the safety driving award. Richard Watson, of Wharton, was chosen as the first place winner for this prestigious award.

He received a satin jacket, a plaque, a 14k gold ring in the shape of Texas donated by Hobbs Trailer and \$1,000 cash donated by Planners Market of Dallas Insurance.

Approximately 4,000 driver applications statewide that belong to the association were entered with four being picked for the top prizes. Mr. Watson's application was one in many to be sent to Austin to be judged. His application was picked by having no tickets or accidents and the amount of miles he drove during his driving career.

Richard is an employee of T-Inc. of Alair for the past nine years and was employed by Dale Hardeman of Gulf Coast Cotton for 15 years. He has been driving for 32 years. In the past five years he has received safety

awards each year from T-Inc. He will travel statewide to speak at other safety conventions with a Planners Market agent.

Richard and his wife, Elizabeth, who also attended the convention, reside in Wharton, and they have two daughters, Linda Labay of Wharton and Diane Smidovec of Garwood.
