Awards ceremony held at Middle School.

A special awards assembly was held Wednesday afternoon, May 28 at the Eagle Lake Middle School for students to receive awards and special recognition for their achievements during the year.

Before an enthusiastic crowd of students, parents and faculty members, Charles Abel, principal of Eagle Lake Middle School, presented the Who's Who Achievement and Service Award to twenty-four distinguished students. The students were selected by a faculty committee for their outstanding academic abilities and school service.

To be eligible for this award, all students must have a minimum grade point average of 87 or better and demonstrated leadership and involvement in school or community programs. Only 15 percent of the seventh and eighth grade students may be selected for the honorary award.

The awards are sponsored as a public service by the publishers of Who's Who Among American High School Students to recognize outstanding students for their achievements and to motivate all students to strive for excellence, goals shared by the administration and faculty of Eagle Lake Middle School.

The school will display a master certificate listing all award winners in the main hall adjacent to the office. All selected students received individual certificates from Principal Abel at the assembly. Recipients were:

Seventh Grade: Heather Abel, Darryl Anderson, Noble Anderson, Jackie Dromgoole, Karen Earls, Cassandra Edwards, Veronica Garcia, Latisha Howard, Katey McMurrough, Krista Miller, Hector Tapia, Tricia Thomas.

Take care when you're boating: Power lines could be there

Anytime you're launching your boat or transporting it over land, check carefully to make sure you avoid all electrical facilities. Metal sailboat masts, outriggers, power boat antennas and other high-rising equipment become deadly conductors of electricity the moment they come in contact with overhead lines. Careless handling of a boat near a power line can endanger your life—and the lives of everyone else nearby.

Play it safe, too, when you're handling chores around the house. Don't trim or fell trees near power lines. This is work best left to experts. Keep ladders and other tall devices away from overhead lines. Don't install an outside antenna unless you have the proper knowledge and equipment; have a qualified technician handle the job.

And remember that fallen power lines are extremely dangerous. If you see a downed line, call Central Power and Light Company, then stay away from the line and keep others away.
