Heritage House News

By Patricia A. Horndt

Heritage announces that Marian Werland has resigned as administrator of Heritage House to accept a similar position at Sweetbriar Nursing Home in Columbus. The staff honored Marian with a farewell party on Wednesday afternoon. A delicious buffet luncheon consisting of fried shrimp, baked potato, tossed salad, fresh baked bread, and a variety of desserts, was prepared by Helen Perry's dietary department. The staff presented Marian with a "good luck" cake, a rose corsage, and a book entitled "Apples of Gold" compiled by Jo Petty. See accompanying story on this page for further details.

Linda Tillman has been named Heritage House Employee of the Month for July. Linda was elected for her dependability and quality performance as a nurse aide. She has been an employee of this facility since 1976, working closely with the patients and their families to assure delivery of quality patient care. She is a caring individual who believes in the importance of comfort and security of the patients.

Linda was born in Eagle Lake and attended school here. She married John Tillman Sr. and they have five children: James, 20; Larry, 18; Martha, 15; John Jr., 14; and Neal, 13. Linda enjoys cooking, reading and relaxing after a hard day's work. Heritage House is proud to have Linda as part of their healthcare team. Congratulations Linda!

Several of our residents ventured over to Sweetbriar in Columbus recently for a domino tournament. Evelyn Redmond, Dee Sypchak and Ray Harper enjoyed the trip and the opportunity to meet new friends. Sweetbriar residents were most gracious and served delicious refreshments during the games.

Heritage House volunteers have been busy as ever this past week while everyone is hustling to go back to school. Helen Lurch and Maude Schomp were here Wednesday for the "big bucks" bingo game. Helen and Maude are long time volunteers and we thank them for their continued support.

George Reyes entertained residents Thursday during his Bible seminar and sing-along. George is uniquely talented at playing the guitar and has a delightful voice to match. The residents clearly love his Thursday morning visits.

Afterwards, residents participated in a "penalty pitching" game. They pitched pennies into a box approximately five feet from the pitcher. The big winner of the penalty jack-pot was Charlie Ludwig. He appeared to be a pro at the game for he pitched the most pennies into the box.

Werland resigns at Heritage House

ARA Living Centers has announced that Marian Werland has resigned as administrator of Heritage House, effective September 8, to accept a similar position at Sweetbriar Nursing Home in Columbus, another ARA facility.

Werland, administrator of Heritage House since May 1984, said the decision to leave was a difficult one but one that would be advantageous to her family life as well as her career goals. Werland also said it has been a pleasure for her to work with everyone involved with the facility - to experience the caring, pride, support and enthusiasm of the Eagle Lake community.

ARA Living Centers feels fortunate to have had Werland, who contributed her expertise to the management of Heritage House. Under her direction, the facility was granted and maintained a superior rating from the Texas Department of Health, opened a personal care unit, received the highest ARA Quality Assurance Rating in Texas, and implemented an internal quality control system.

ARA also announced that Werland's successor will be Richard Luebke of East Bernard. He assumed that position on Monday, September 8.

Monthly Altar Society meeting held

The Our Lady of Perpetual Help Altar Society met at Dider Hall on September 4 at 7 p.m. with 16 members and three guests. Mesdames Elsie Supak, Karen Crane and Elizabeth Miller. Mrs. Edna Hollas and Ms. Nancy Nelson were hostesses.

On September 20, Father Jesse will conduct a Retreat Day of Recollection at Our Lady of Perpetual Help from 9 to 1. This is provided especially for CCD teachers and aides in preparation for confirmation; members of the two altar societies are invited to attend.

President Margaret Briscoe advised the ladies that the Brewer House will be used on the third Tuesday and Wednesday of each month by WIC and CCA. On those days a food supplement program for women, infants, and children will be dispensed, and Roger Olier from Jobs for Progress in Combined Community Action will be there to give information about the program that provides baby-sitting as well as helps people in job hunting. She said the house was being repaired and repainted throughout.

The quilting committee displayed the completed Harbich quilt which has been donated to the KC's for their picnic. A second quilt, donated by Mesdames Bill Emmel and Jiggs Kana and the KC's, is being quilted by the committee.

In the discussion regarding serving at Tuesday bingos, it was decided to make a new price list. The Altar Society accepted the popcorn popper offered on loan from the VFW Auxiliary. President Briscoe made two requests of bingo chairman: 1. lock the cabinets before leaving, and 2. give her a list of items which need to be restocked. New bingo worker lists were distributed.

It was voted to send a \$60 donation to the Austin DCCW, which will be taken to the national convention of the NCCW to help offset a deficit in NCCW funds.

Lunch will be served to the technicians working at the blood mobile during the KC blood drive on September 6 at Dider Hall.

Views On Dental Health
REDUCING CAVITIES BY 65%

Because studies have shown that the addition of a small amount of fluoride in the water supply can reduce cavities by as much as 65%, some 7,000 communities have chosen to treat their water with fluoride over the past 20 years. Fluoride is the single most effective element we have today for preventing tooth decay.

There are other methods of applying fluoride to the teeth such as topical application at the dentist's office, at home application of fluoride gel by a mouthguard type applicator, special fluoride mouth rinses, fluoride lozenges, and brushing with accelerated fluoride toothpaste. But, as a whole, fluoridated water has proven to be the most effective and simplest application.

Is fluoridation safe? Yes! Literally hundreds of carefully conducted scientific research studies have shown that the use of fluoride at the levels recommended for optimum dental health (about one part per million in water) has no harmful effects. Its use is supported by virtually all national and international health organizations.
