Raider Review

Meet the Rice Raiders

By Kelli Lanier

The Raider football season is off and running. It takes many important members to put together a great football team. One such member is DeWayne Doplauf, number 44. Standing at 5'10" and weighing 150 pounds, DeWayne plays the position of tightend.

When asked how he feels the team will do this year, he said they should be good if everyone keeps up the consistency. DeWayne added that a good preparation before games is prayer. Also, the members should have more emotion before the games. One of his idols is Bill Bates, a defensive back for the Dallas Cowboys.

DeWayne is the son of Mr. and Mrs. Marc Jordan of Sheridan. He also stated that fans help a

football team during play, so the Raider Review encourages everyone to come to the games and support the Raiders.

OEA begins fundraiser

By Melva Hemphill

Yes, we're at it again! The OEA Club began their fundraising project for the 1986-87 year on October 6. All members are selling and taking orders for items included in their B-Craft brochure. The profits from this project will be beneficial

to the OEA members in ways such as: contest fees, expenses acquired during the year and various materials in the classroom.

Members of the club greatly appreciate your help in making their project a success.

Meet the new teacher

By Patty Stephens

This week the spotlight focuses on another new face on the Rice High School campus. This is the face of Coach Jack Sanders.

Originally from Taft, Texas, near Corpus Christi, he attended Ranger Junior College and Texas A&I where he earned a physical education and health degree.

When asked what he thought about the school, he said it was well organized and the people were very friendly.

Coach Sanders is married and says the only kids he has are his two cats and dog. He enjoys all kinds of sports and photography.

We at Rice would like to welcome Coach Sanders to our school.

Senior proofs arrive

By Lesley Matthews

After waiting four long weeks, the seniors finally received the proofs of their senior pictures. The proofs were given out during lunches A and B on Monday, September 22.

Students who want to order pictures need to choose the different poses they want, fill out the enclosed information and send it in to the company as soon as possible.

There is no deadline for pictures to be sent, but the sooner the better. The pictures will take about six weeks for delivery.

Darby completes basic training

Army Private Thomas R. Darby, son of Mr. and Mrs. Roland Darby of Cat Spring, has completed basic training at Fort Bliss, Texas.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid and Army history and traditions.

Views On Dental Health

HALF A TOOTH BETTER THAN NONE

Sometimes the dentist can save only part of a tooth (usually a molar) because of extreme bone loss or a vertical fracture involving half the tooth. Half a tooth, however, is better than none. The dentist can divide the molar in half vertically and surgically remove the one or two damaged roots of the weak half and save the undamaged, strong half with root canal therapy. This is called a hemisection. Occasionally, an infected root is surgically removed without damaging the crown part of the tooth. This is particularly advantageous when there is a cap on the tooth and hemisection it would involve cutting through or destroying an otherwise good restoration, or if the tooth is healthy and in good contact with adjacent teeth. In those situations, rather than hemisection, the tissue along side the roots is bracketed (lifted and turned), and the infected root is found and removed. Root canal therapy is always done on the remaining root or roots. If there is ever a choice of saving a tooth (even half a tooth), by all means, save it! Prepared as a public service to promote better dental health. From the office of: DAVID W. EUERS, D.D.S., 704 S. McCarty Avenue, Eagle Lake, Texas 234-3525.

Rice FFA elects sweethearts

By Dolores Soto

On Tuesday, September 23, the Rice FFA chapter held their first meeting at 7 p.m. in the Rice High School Commons. The officers opened the meeting with president Tara Stephens presiding.

The first item on the agenda was to nominate and elect the chapter sweetheart. Among the nominees were: Shari Popp, Stacey Causey, Marcie Kutzer and Tara Stephens with Stacey Causey being the newly elected sweetheart.

Next on the agenda was to elect the greenhand sweetheart and Shee Marie Venghaus was named for that title. Soon after, the freshmen speaking contest was held in which

Ira Jones, Jenny Hooper and Steve Garza competed, with Jenny Hooper being named the winner. The judges of this contest were Mrs. Gay Stephens, Billy Hefner and Richard Wise.

Following the contest, Mr. Klutz, Rice ag teacher, spoke of the local Rice show rules. Next Mr. Roberts, ag teacher and FFA sponsor, spoke of projects and exhibitors for the Houston Livestock Show.

During the meeting, those in attendance enjoyed a delicious chili supper prepared by Frank Popp and Frank Kasimierky. The meeting was then adjourned at 8:15 by Tara Stephens.

FHA holds meeting

By Dionne Glover

On Wednesday, September 24, a meeting for the new officers of the Future Homemakers of America was held in the home of Vantrese Tillman, president of the club.

The officers and sponsor, Mrs. Diana Wunderlich, enjoyed a delicious meal of pizza, salad and tea prepared by Mrs. Ada Tillman. After the meal, the officers discussed

projects for the year, what FHA is and the responsibilities and duties of an FHA officer. They also discussed projects for publicity week, which is October 8-12.

The next meeting will be October 15 at seven o'clock in the Rice High School Commons. New members will be installed and a guest speaker will talk to all of the members about leadership.

Shimek commended

By Bonny McMurrough

Sharon Shimek, daughter of Mr. and Mrs. Lawrence Shimek of Garwood, has received a letter of commendation in recognition of outstanding academic promise from the 1987 National Merit Scholarship program. Sharon scored in the top 50,000 of more than one million participants.

A senior at Rice, Sharon plans on entering Texas A&M University in the fall of '87 and majoring in secondary math.

New student at Rice

By Suzanne Curman

The number of unfamiliar faces at Rice High School are dwindling. Everyone makes new friends and "cliques" are established. There is someone for everyone at Rice.

One of the last new students to get acquainted with is Andrew Magninat. He is a member of the sophomore class. Before moving to Eagle Lake, he lived in Edna and attended Edna High School.

Andrew said his first impression of Rice was that there are better look-

ing girls here than at Edna and he thinks it's pretty neat that the classrooms have no doors or windows.

Andrew says that both teachers and students at Rice have a good sense of humor. His favorite class is chemistry and his favorite teacher is Mr. Street.

A member of the JV football team, Andrew's hobbies include hunting, fishing, skiing and flying. The students and teachers would like to wish Andrew the best of luck and hope he has a great year!

The RAIDER REVIEW is published by the Journalism Department of Rice High School, and the opinions reflected are of the students and not the administration, or The Eagle Lake Headlight, unless so stated.
