

### VOTE FOR Connie Ilse County

Clerk

My past experience both as a supervisor and an employee has demonstrated an ability to work with people which best qualifies me to be your county clerk.

The position demands someone who can serve the public and work with the members of County Government and I have done this successfully.

I am a conservative, mature, able person who has no other interest that will interfere with the performance of my duties.

This

Saturday!

in seeing that our county provides the

necessary services to ensure a future

come after us. What we do today

molds and determines all of our

Colorado County is our home.

This is where our roots are planted,

tomorrows.

#### Organizing your home, business

By Peggy Kalina County Extension Agent

he program was very interesting.

isiness and the home.) does in wanting to get the job done that you will feel uncomfortable not grandmothers used to do; homes are and committing yourself to do it. doing it.

You should start that journey by setting goals of what you want to accomplish. A goal is what you decide you are going to have, get, do e be. In order to be useful, your oals need to be specific - just lying that you want to change your ay of keeping house is not enough. It also helps to put your goals in writing. By putting your goals in vriting, you have gone from some ague wish for the future to making stronger commitment to seeing

estination.

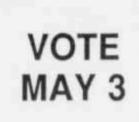

our goals meterialize. Prioritize your goals based on what is most important to you so that you will work on the most important goals first. And then set rget dates for reaching your goals. Task orientation vs. goal

rientation. Most homemakers will admit that it is much easier to get a house in order than to keep in that way. This problem is related to being task-oriented rather than goalriented. A person who is goaloriented concentrates on the larger goals and works on tasks which will help meet the goal. A task-oriented person, on the other hand, may do a task simply to get it done, but does not see its significance in a bigger

Procrastination is another big enemy of good time and work unagement. One of the major reasons for procrastination is failure to have clear-cut goals. Another reason for procrastination has to do with how we perceive the problem. If we see only the big job instead of he small portion that is really the troblem, we are less likely to act to orrect the problem because the whole idea of taking on the big job

is exhausting! If we break the keep you mountains into mole hills, we'll be distracted.
