FOOTBALL CONTEST

\$10 to First Place

(Entry listing the most correct winners)
\$5 to Second Place

RULES:

Study the games listed inside each advertisement; each game is numbered. Pick the teams you think will win. Write those team names on the entry form, matching game numbers to the numbers on the form.

The entry with the most games guessed correctly will win \$10. The second-best entry wins \$5. First and second places will be awarded every week.

Entry forms must be in The Headlight office by 5 p.m. Friday before the

games are played, or if mailed, must have that Friday's postmark. Winners will be announced on this page the following week, except for the last week when they will be on the sports page. The contest lasts through November 5, 1987.

At the bottom of each entry form, write in the total points you think will be scored in that Friday night's Rice Raider game. In case of ties in guessing the winners, the score-guess will be the tie-breaker. If a tie still exists, winners will be drawn.

13. Michigan 11, Michigan State 17
14. Army 24, Boston College 29

It appears that last week's contest was the easiest so far this year. We had our first entries with only one incorrect game... three entries in fact. As you read above, both winners missed only one game. V'endell missed #12 and Darryl missed on #13. Squeezed out by just 3 points was Marcie Kutzer of Sheridan (39 points was the guess on the Rice score).

The tough ones last week were games #5 (Rice at Columbus), #12 (NE Louisiana at Lamar) and #13 (Michigan at Michigan State). 74% of the entries were incorrect on game #13 while 64% missed games 5 & 12.
