

Grahmann, Stavinoha united in double ring ceremony

Tina Marie Grahmann, daughter of Mr. and Mrs. Fred Grahmann of Rock Island, and Leroy Robert Stavinoha, Jr. son of Mr. and Mrs. Leroy Stavinoha, Sr. of Houston, were united in marriage on Saturday, February 9, at 3 p.m. in the afternoon at Sacred Heart Church in Hallettsville.

Bishop Charles Grahmann of Dallas performed the double ring ceremony. Wedding music was provided by Kasia Kubena, Brigitte Richardson, friend of the couple, sang "After All", "Love Will Be Our Home" and "Sunrise, Sunset" before the ceremony. She also sang "Only a Shadow" and "Wind Beneath My Wings" during the ceremony. Jack Schoenberg, uncle of the bride, sang "Ave Maria", "The Lord's Prayer" and the "Agnus Dei" during the ceremony. The altar was adorned with two heart-shaped Candelabras and ferns.

The bride was given in marriage by her father. She wore a gown of

white lace and taffeta. The fitted bodice was delicately beaded with iridescent sequins and pearls and rose to a lovely Sabrina neckline. The sleeves were elbow length and were each accented with a taffeta bow. The full skirt fell to slipper length and extended to a chapel length train. The bride wore white gloves accented with bows at the wrist. Her headpiece was adorned with lace, iridescent sequins and pearls. The veil extended to waist length. The bride wore diamond earrings, a gift from the groom. She also carried her grandmother's prayer book and a handkerchief that belonged to her great-grandmother.

The bride carried a bouquet of white roses, tiger lilies, alstroemeria lilies and carnations accented with purple statice, baby's breath and leather-leaf fern. A crystal rosary belonging to her mother was intertwined in the bouquet.

Lara Dupre, friend of the bride, served as maid of honor. Bridesmaids were Shari Grahmann, sister of the bride; Kelly Leopold, Theresa Brewer and Angela Peterson, friends of the bride. Maternity Lucke, the bride's cousin, served as flowergirl. Each bridesmaid wore a tea-length gown of either navy or fuchsia more taffeta. The fitted bodices rose to Sabrina necklines, and the V-necks fell to

full skirts. The flowergirl wore a full length gown of white lace and taffeta and wore a headpiece of white flowers and ribbon. The attendants carried bouquets of flowers arranged similar to the bride's.

Chris Stavinoha, brother of the groom, served as best man. Groomsmen were Randy Stavinoha, brother of the groom; Michael and Joshua Grahmann, brothers of the bride; Billy Gambelin, friend of the groom; Joey Grubert, cousin of the groom, served as the ring bearer.

Ushers were Keith Wagner and Len Polasek, cousins of the groom and Dewayne and Dwight Dopslauf, friends of the couple. Witnesses were Debbie Lucke, an aunt of the bride, and Joseph Svrcek, an uncle of the groom. Mr. and Mrs. Marcus Grahmann and Mrs. and Mrs. Leonard Polasek, Godparents of the couple, presented the offertory gifts. Altar boys were Brandon Grubert, cousin of the bride and Casey Stavinoha and Chad Svrcek, cousins of the groom.

The groom wore a black classic tuxedo with a cutaway jacket, vest, black-striped pants and a gray ascot. His boutonniere was a white rose. The groomsmen, ushers and ring bearer wore black classic tuxedos with bow ties. Each wore a boutonniere of pink carnations.

A reception followed the ceremony at the K.C. Hall. The hall was decorated in a country theme. The bride's cake was decorated with navy and fuchsia flowers and consisted of four layers and satellite cakes in different flavors. The cake was sitting on an old wagon draped with a quilt. The groom's cake was poppyseed and shaped like a pair of boots. The cake table was surrounded by hay bales, a saddle, blanket and quilt.

The dinner consisted of barbecue with all the trimmings served by Jerry Mikeska of Columbus. Dance music was provided by W.C. Todd and Wichita.

Following honeymoon travel to Cozumel, Mexico, the couple will reside in Houston.

A rehearsal dinner was given by the groom's parents at the Hallettsville Garden Center February 8.

Garwood School Honor Roll

The following students at Garwood Elementary and Jr. High made the honor roll for the fourth six-weeks period.

First grade: Shelley Jo Boenisch, Shelley Ann Greck, Lisa Hoetscher, Jana Janish, Benjamin Ortiz Jr., Keandra Sanford, Melissa Till, Monica Torres, Linda Trevino, Bernardo Vasquez.

Second grade: Ashley Johnson, Lakeisha Johnson, Jacob Little, Chris Schiuring, Lori Smith, Blake Wied, Clint Wisner.

Third grade: Brett Boenisch, Amanda Engstrom, Robert Goode, Nicole Krenek, Leigh Ann Michalka, Cassandra Schuetze, Sarah Rivera.

Fourth grade: Mariel Atkins, Joe Castaneda Jr., Cliff Cerny, Brian Janish, Chad Kallina, Dudley Lehrer, Dyan Rees, Lindsay Till, Jeremy Weishuhn.

Fifth grade: Brooke Crane, Stephanie Labay, Rebecca Rivera, Samantha Schuetze, Delana Smith, Amanda Weishuhn.

Sixth grade: Cody Cerny, Carrie Engstrom, Chad Fucik, Shaun Johnson, Rachelle Kallina, Jennifer Krenek, Bryan Rees, Katie Woodruff, Audrey Carter.

Seventh grade: Crystal Atkins, Clint Krenek, Kristen Sienke, Doug Wied, James Eaton.

Eighth grade: Shelly Hoetscher, Bryan Johnson, Carla Johnson.

Views On Dental Health

PERIODONTAL COMPLICATIONS

Periodontal disease (gum disease) is bad enough in its dental effects — it is the leading cause of tooth loss in adults — but there is also evidence that it leads to complications in other areas of the body.

Pyorrhea is the more common name for advanced periodontal disease. Its literal meaning — a continuous discharge of pus — describes the condition perfectly. This purulent material along with its disease-producing products, can enter the system by two routes from the periodontal pocket. One is through the digestive tract and the other route is direct entry into the bloodstream by way of veins and lymph

vessels that drain the periodontal tissues.

It has been claimed that many diseases result from infection around the teeth. Among them are disease of the eyes, ears, joints, cardiovascular system, digestive system, other internal organs, and the skin. So not only do you risk tooth loss by neglecting infected gums, but other diseases as well.

Presented as a public service to promote better dental health. From the office of DAVID W. EUERS, D.D.S., 704 S. McCarty Avenue, Eagle Lake, 234-3525.

Heritage House News

By Gladys Owens, Activity Director

Heritage House residents will host an Easter Egg Hunt for the First Baptist Church of Sheridan on March 22. These children are all volunteers that come to visit the residents and send cards on special occasions. We are all looking forward to them visiting that day, and want to send a special thank

you to Nancy Chabreck for bringing the children for us.

Residents will receive Holy Communion at 10 a.m. on Good Friday. Our Worship Service was conducted by Rev. Obie Rhodes of White Cloud Baptist Church Sunday.

We would like to start a walk program for our residents this year. If you walk for exercise maybe you would consider taking a resident as a walking partner. Please call and we can map out a walk area around Heritage House.

Our residents will also be planting their own flower garden this spring. We will start that project very soon.

You can't see it, hear it, nor feel it, but you may have high cholesterol. As your cholesterol level rises you are at more of a risk for a heart attack, heart disease, stroke and other cardiovascular diseases.

You can maintain an acceptable level of cholesterol in your body by having your cholesterol level checked on a regular basis, changing diet and exercise. Stop and think about your recent diet. Do you purchase a lot of prepared convenience and fast foods, whole-fat dairy products and beef? Do you like fried or breaded foods, gravies and sauces? Are you overweight? Do you make excuses not to exercise regularly? The more times you have answered yes the greater risk of your having high cholesterol.

Cholesterol's chief purpose is to

aid in carrying fat through your blood vessels since fat can't travel through blood vessels by itself. When the fat content is too high, it becomes attached to the walls of blood vessels causing narrowing, thus the heart must work harder to continually pump blood throughout the body.

The ideal level of cholesterol is less than 200 with it being divided into three categories: high-density, low-density and very low-density lipoprotein. Many can control their cholesterol by diet only. Limit your fat intake each day to one-third of the total calories consumed. Eat more soluble fibers, such as, oats, beans and fruit. Also, limit the intake of caffeine and alcohol. Planning your menu for the week can be challenging, but will only lead to a healthier way of life and lower the risk of heart disease.

At Heritage House, a healthy diet is one of the ways we care for our residents. Along with diet, we provide a caring environment with caring professionals to assist any way they can.

We are proud Texans

To show exactly how proud we are to be Texans and to celebrate Texas Independence Day, the students of the Garwood School colored symbols of Texas. Then the seventh grade "quilted" the squares to make a quilt. The students learned what a quilting bee is. Next year they will make a real quilt!

OBITUARY

Ted Lewis Balusek

February 6, 1920 - March 8, 1991

Ted Lewis Balusek, age 71, of Eagle Lake, passed away suddenly during the early morning hours of Friday, March 8, 1991 at his residence. He was born near Victoria, Texas at the little community of Placedo on February 6, 1920 to Frank F. and Fannie Dusek Balusek.

He was baptized into the Lutheran Church and moved to Eagle Lake in 1935 and began a career as a carpenter, working for Reese Construction of Eagle Lake his entire career. He joined the Navy during WWII, serving in the

Pacific as a Gunner's Mate aboard ship. He was honorably discharged from the Service in November of 1945 and returned to Eagle Lake. He and Lillian Nitschmann were united in marriage on October 9, 1948 in Weimar.

He was preceded in death by his parents and a brother, Roland Balusek. Survivors include his beloved wife of 43 years, Lillian Balusek of Eagle Lake; sisters, Mrs. Lydia Jochetz of Wharton, Mrs. Henrietta Lockwood of Katy; brother, Victor Balusek of Sealy; sister-in-law, Mrs. Roland (Ethel) Balusek of Eagle Lake; a host of nieces, nephews, other relatives and loved ones.

Funeral services were held at 2 p.m. on Sunday, March 10, 1991 from the Dulany Funeral Home Chapel in Eagle Lake with Rev. John Anderson, Pastor, Grace Lutheran Church of Eagle Lake officiating. Graveside services and interment followed at the Masonic Cemetery in Weimar with flag folding and presentation ceremonies provided by V.F.W. Post #8783 of Eagle Lake. Pallbearers were Charlie E. Hupey, Sr., Lawrence Rose, Ervin Brandt, Frank Davidson, Richard Baxter Jr. and Vincent Balusek. Sympathy is extended to the family in their loss.

Funeral services were held at 2 p.m. on Sunday, March 10, 1991 from the Dulany Funeral Home Chapel in Eagle Lake with Rev. John Anderson, Pastor, Grace Lutheran Church of Eagle Lake officiating. Graveside services and interment followed at the Masonic Cemetery in
