Public gator hunts set for five areas

The Texas Parks and Wildlife Department will conduct public hunts for alligators on five departmental areas during September.

Officials said completed applications from prospective alligator hunters must be received in the Austin headquarters by 5 p.m. August 6. Applicants selected by drawing will be required to pay a \$50 permit fee. A \$35 alligator hunter's license (\$300 for non-residents) also is required for each permitted hunter. An additional \$120 tagging fee will be assessed only for those successful hunters who choose to have their alligator tagged for commercial sale.

Last year 587 people applied for the hunts and the 235 participating hunters harvested 136 surplus alligators. This year officials expect to issue about 400 permits. Hunts are scheduled on the Guadalupe Delta Wildlife Management Area in Calhoun County, the J.D. Murphy WMA in Jefferson County, the Mad Island WMA in Matagorda County, the Old River Unit of the Lower Neches WMA in Orange County and Sea Rim State Park in Jefferson County. For application forms or additional information contact TPWD headquarters in Austin by calling toll-free 1-800-792-1112, ext. 4505, or (512) 389-4505.

Men's slowpitch tourney at St. Michael's Harvest Feast

In conjunction with the St. Michael's Harvest Feast, a men's slowpitch softball tournament has been scheduled for that weekend.

The double elimination tournament will begin Saturday morning, August 10, with the finals on Sunday, August 11. The entry fee will be \$100

with the checks made payable to the Harvest Feast Softball and mailed to: Alton Kuitas, Rt. 3, Box 360B, Weimar, Texas 78962. For more information call Alton at 263-5020 or Bill Priboda at 263-5466.

The first 26 teams to send in their checks will be entered in the tournament. A team is not entered until their check is received.

Deadline for entry is August 3 and there will be no refunds on the checks. The roster must be limited to 15 players and the games will be played by the official ASA rules, and have official umpires.

The teams placing first through sixth will be given team trophies and, in addition to this, the first three places will be given awards.

Those that are interested are asked to make early arrangements so a bracket can be mailed out in plenty of time.

Local golf clubmaker returns from national clubmaking seminar

Golfsmith of Austin recently held its annual seminar for members of the Golf Clubmakers Association (GCA), June 30 to July 2 in Austin. Golfsmith, the nation's largest distributor of custom golf clubs, components, and repair parts, lists over 10,000 GCA members worldwide. Joe N. Frazer Jr. of Eagle Lake, a GCA member, attended the three-day event held at the Stouffer Austin Hotel.

Workshops, demonstrations, and presentations covering golf club design, new equipment, manufacturing techniques, golf club-fitting, and repair procedures were conducted by the technical staffs of major manufacturers in the industry such as True Temper, Brunswick, Grafalloy, Golf Pride, Aldila, and Ti Shafts. The Golfsmith staff also hosted meetings designed to help the small business owner develop effective advertising, marketing, and customer service programs. Special guest speaker was Frank Thomas, Technical Director of the U.S. Golf Association.

Commented Frazer, "The seminar really gave me some great insight into new golf equipment and all the changes taking place in the industry. It helped to spend time with the technical staff at Golfsmith to review the latest in repair and refinishing procedures and custom clubfitting and assembly. My customers will actually be the beneficiaries of my time at the Golfsmith seminar."

The temperatures, they are a climbin'

Sun ignores June 21 as start of summer.

May and June in South Texas, in a word, hot. Temperatures soared into the 90's during the day and haven't cooled off less than 75 degrees at night.

The prediction for July and

August is more of the same. To help beat the heat, CPL has a brochure with 12 energy-saving tips to help reduce summer cooling costs. Simply stop by your CPL office and pick one up. It's free, and it can save you real money this summer.
