Tax charged to clean fireplace

By John Sharp
Texas State Comptroller
Dirt and soot can accumulate in a fireplace during the off-season. Chimney sweeps will clear out all the muck in time for the winter fires. Just remember that tax is added to the service provided by a chimney sweep.
When planning those roaring fires, don't forget to include the sales tax.

Preventing Middle Ear Infections in Children

According to a recent report in the medical journal *American Family Physician*, more than 80 percent of all children in the United States have at least one middle ear infection (otitis media) by the time they reach three years of age. We now know that middle ear infections in children sometimes can be prevented.

The results of a recent study of almost 200 children at day care centers in Finland indicate that vaccinating children with the flu (influenza A) vaccine may reduce the incidence of ear infections. The number of children who did not get the vaccine and had one or more middle ear infections was significantly greater than the number of children who got the vaccine and did not have an ear infection. This study suggests that reducing the incidence of viral infections, such as the flu, may help prevent ear infections.

Several studies in the United States and Europe have shown that giving children antibiotics, such as amoxicillin and sulfazoxazole, reduce the number of episodes of ear infections. According to *Postgraduate Medicine*, these studies suggest a 50 percent or greater reduction in the risk of infection. Other methods of reducing middle ear infections in children include the surgical placement of ventilating tubes in children's ears and surgical removal of the adenoids.

Heritage House News

By Gladys Owens, Activity Director

We want to welcome Mary Zahradnick back after her hospital stay. The Pilot Club treated the residents to doughnuts Sunday. Everyone enjoyed them and send their thanks.

We are working on our December activity calendar. If you have dancers, or want to sing at our facility it is not too early to plan the event. We would like to have as many set dates as possible.

The residents' birthday party will be held early this month due to the Thanksgiving holiday. It is usually held the last Friday of each month.

Worship service was conducted by Rev. Zaragoza Gonzalez of the Gethsemane Baptist Church Sunday.

Administrator's News

Grief can be of various types which we will try to briefly describe. *Acute grief* is the grief which follows a sudden unanticipated loss. *Chronic grief* is prolonged intense grief over an extended or limited time period. The definition should include the feeling of a mourner who has to endure the constant observation of a deteriorating process in a loved one.

In addition to the above, we have *preparatory grief* which we use to prepare ourselves for the inevitable. Some people then suffer from *morbid grief* which is the excessive preoccupation with the grief itself. When only a minimal amount of mourning is experienced, the mourner is said to be having a *labile grief reaction*.

Many suffer from what is termed *involutional grief reaction* which is part of the middle-age crisis. Among the factors contributing to the grief are failure to attain ideals; an awareness of one's mortality; seeing lack of yearly progress; other disillusionments; biological stresses, and social stresses.

To manage grief, we all must go through several steps:

1. Accept the reality of bereavement.

2. Review the relation to the deceased.

3. Work through the overflow of hostility.

4. Express sorrow and sense of loss.

5. Reestablish the future relationship to the deceased (how he/she will be remembered).

6. Verbalize feelings of guilt.

We at Heritage House help our residents, daily, to work through their grieving process; hopefully, without it being noticed as we truly care about each and every one of our residents.

Survivors include a daughter, Amy of Highlands; his mother, Ora of Sweet Home; one brother, George of Sheridan; sisters, Carol Tesch of Houston, Jane Svec of Fairchild, Donna Gullet of New Braunfels, and Joyce Williamson of Sheridan.

"Get well wishes to Darryl Hinz. He underwent surgery on his knee in Austin last Thursday. He will be on crutches for a few weeks while his knee is mending."

"The P.T.S.S. held its regular monthly meeting Tuesday, Nov. 12, with the 5th and 6th graders presenting the program. Under the direction of Mrs. Houser, the students performed a musical entitled 'All That Is Gold Does Not Glitter'. Winners of the room count were the 5th graders and Cindy Gohlke won the door prize. President Dana Sanders extended her appreciation to everyone who helped make this year's Halloween Carnival the huge success it was. Indications are that the carnival of 1991 will go down in history as being the most profitable one ever. Refreshments were served by Jeanne McClain, Nancy Chabreck and Alice Hinz."
