TXDOT gives road condition reports

Your nearest Texas Department of Transportation office can give you the latest updates on road closings, detours, or construction problem areas around the state. The Youkum office is the closest one to the Eagle Lake area.

Through a special computer program, each TXDOT district office reports road conditions each morning and, if necessary, updates its reports throughout the day.

During emergency situations such as floods, icy conditions, or hurricanes, you can get current information. They also give reports on construction areas that have detours or road closings involved.

The road condition report was originally designed to help with routing permit loads through construction zones. It has developed into a useful tool to help motorists plan their travel routes.

All the tourist information bureaus

are furnished with the daily report so they can aid tourists in getting to their destinations.

The next time you have a question about the condition of a road on which you plan to travel, pick up the phone and call your TXDOT office.

On Friday, April 3, the Rice JV fought the Sealy JV to a standstill at 9-9. The Raiders jumped out early but could not hold to preserve the win. The game was called after the third inning due to the two hour time limit.

Cruz was the starting pitcher and gave up only three hits. Neil Brosche and Garcia came in for relief. The

Raiders took an early lead, standing at 9-3 after three innings. The Bluejays rallied for seven runs in the fourth to tie the game and that was where it stayed.

Andres Cruz pitched the fifth inning for the Raiders, preserving the tie. Greg Garcia was the starting pitcher. He pitched very well until he ran into trouble in the fourth inning.

The Raider JV played much better defensively. Brad Gohlke and Garcia both went two for three at the plate. Jerome Haynes went two for four.

To help unemployed people in this situation, the Dislocated Workers Program staff at Wharton County Junior College has created a "self-placement project."

The goal of the project is for the job seeker to become employed within 45 days of completion of the Job Search Workshop.

The "self-placement project" represents the staff's continuing efforts to help eligible dislocated workers in determining their job objectives and in organizing a well planned job search. Both are necessary and important

steps in these days of increasing unemployment.

The project offers career-life planning, job-career planning, labor market information, the job search workshop and job leads.

For those individuals needing to find immediate employment, the project offers free use of typewriters, word processors and computers. Free phone usage is also offered in the job search. An environment is available where one can concentrate on obtaining a job without distractions.

Also offered are sexology, local, area, state and national newspapers; assistance in preparing resumes; interview training and job networking contacts.

The project is funded by the Houston-Galveston Area Council and all services are free to eligible dislocated workers, including retraining at WCJC.

The Self Placement Project began in September 1991 as a pilot project by Donald Kopynick as part of his doctoral educational studies.

In six months, 87% of the participants who completed the Job Search Workshop became employed within 29.9 days. Each of the participants in the program had been out of work an average of 168 days without finding a job prior to beginning the workshop.

For more information about eligibility for the project, contact Theresa Pass at 713-240-7505 in Sugar Land or Donald Kopynick at 409-532-4560, ext. 299, in Wharton.

There is no charge to the caller on this toll free number. The number is 1-800-499-2551.

"This is part of our effort to make the office more accessible to victims, witnesses and the general public in this large district," said Kirkendall. The District Attorney encourages all interested citizens to contact the office regarding any matters of concern. The victim/witness coordinator in the D.A.'s office can also be contacted at this number.

REELECT JOHN MATTHEWS SCHOOL BOARD

ISSUE 1: Accreditation = Local Control

1. Low test scores have put this in danger
2. Net effect: Rice CISD Could be taken over by the state of Texas or annexed to another district.
3. The superintendent's plan to increase test scores dramatically is workable and sound.
4. I support the superintendent's plan fully and INTEND TO SEE IT SUCCEED.

BOTTOM LINE:

- ✓ Children will get a better education.
- ✓ No state control of Rice CISD.
