Frazar attends national seminar

An Eagle Lake man was on hand for the sixth annual seminar for the Golf Clubmakers of America (GCA), Oct. 14-17. Goldsmith International Inc. hosted the event in Austin. Joe Frazar, a GCA member, attended the four day seminar at the Austin Capitol Marriott.

He noted the seminar gave him insight into new equipment and technology as well as changes in the industry. He participated in workshops on custom clubmaking, an industry that is growing rapidly. The seminar also covered advertising, marketing and customer service as well as demonstrations on design, materials and manufacturing techniques.

Mayor Robby Cook said, "It looks good on paper, but when you look around and see all the things that need to be done, it is critical. When citizens ask, we really don't have the money."

year long. She commented, "We've practiced counting to three: one-pass, two-set, three-spike, and by golly, they had down by the second game, the girls even had the crowd counting with them."

"Serving also was a key factor, in the second game with contributions from Phillips and Brandy Banks. They were ahead in one portion of the game, 10-7, and they seemed to just sit back and relax."

"I had to call time out and remind them the winning score is 15. They returned and played like a real team. I am very proud of them," remarked Coach Rosenbaum.

Kay Bailey Hutchison Working For Texas

Reducing Government to Strengthen Families and Small Business.

She's voted against higher taxes every time and for the Balanced Budget Amendment. She strongly opposes unnecessary federal regulations that hurt small business.

And she's proposed a new law so homemakers can save with a tax free retirement account, too.

Changing the Way Washington Works.

Kay cut her own Senate office budget 20% — just as she promised last year.

Now she's pushed Congress to slash its budget, reduce government overhead by 10%, and trim \$50 billion from 50 programs.

Kay's the sponsor of a bill for a national referendum on term limits and will set an example by only seeking two full terms herself.

Now she's determined to make Congress live under the laws it passes for the rest of America.

Protecting Our Freedom.

On the Armed Services Committee, Kay is fighting for a strong defense and defending our Texas military bases that are so critical to national security.

She's committed to protecting private property rights and other constitutionally protected freedoms.

She's pushing for tough crime laws that protect citizens, not criminals.

Already An Effective Leader.

Though we sent Kay Bailey Hutchison to the Senate just last year, she's already making a difference for Texas.

She passed a bill to make the federal government — for the first time — pay for some costs of its failure to protect our Texas border against illegal immigration.

Our choice this year is to keep this effective, new conservative leader who puts Texas first... or replace her with a Clinton-style "New Democrat."
