

Raider Varsity loses hard-fought game against arch-rival Columbus Cardinals

In the game Friday night, Jan. 20, the Raider played their arch-rivals from down the road. It was a hard fought battle by both teams, but Columbus finally prevailed 61-54. The Cardinals opened the game with a 9-0 run until the Raiders got track to pull within four by the end of the first quarter. Juniors Garret Hagendorf and Brandon Mathis did all the scoring for Rice in the first with four each. Rice had a good team effort in the second quarter, scoring 15 points due to an aggressive zone defense and their spreading the ball around offensively. Andre Hatton had a field goal, James Eaton a free throw, Byron Black a free throw, Jesse Bishop a field goal and three free throws, Mathis a field goal and Ricardo Roque put in a field goal and a pair of free throws.

ELMS 7th girls lose three

The 7th grade girls took three tough losses at the hands of Royal, Columbus and Sheridan. In the game against Royal on Jan. 9, the girls stayed with Royal during the first quarter with a score of 8-2. But, starting the second quarter, Royal just blew them away. "The team just started falling apart and couldn't seem to get back on track," commented Coach Ginger Smith. The final score was Royal 36-ELMS 24. High scorers were Angela Phillips and Sandra Short with 10 points each and Tabatha Connor added four. In the second contest against Columbus, the team was ready to play the Cardinals, they were on top of their game. Tabatha Connor was out with a knee injury so the team had to play a little different. The girls did the best they could.

Raiders read last rights to Bellville

By Gus McCray Although I am sorry that I missed you for last weeks recall of the freshmen basketball games, I, once again return to enlighten you on the exciting events of our young Raider roundballers' contest. In the week missed, the freshmen shot it out with Hallettsville and Columbus, and, in both games they played quite well. But, unfortunately, the results of one game did not go as planned. The Raiders ground the Brahmas up 43-33. The game stayed tight until Clint Gertson, Josh Godley, and Kendrick Pipkins unleashed to score 21 points in the fourth period, the second best total ever achieved in a quarter. And, to top that, the Raider "D" held the Bulls to only six points. That performance was a fine way to go into their next game against the Cardinals. The Raiders started out strong. It almost looked as though they might run away with it. With 19 points in the first quarter, the Raiders looked flawless. But, in the second period, the Cards fought back to go into half time only down by three. Coming out of the intermission, Columbus put up their best show and went up 24-38 to enter the final quarter; the period that has been known as the Raiders time to shine. Unfortunately, the Raiders were a little short on magic on this day. The boys fought, bit and scratched to get back in the game. Shots were rimming out and rebounds were bouncing the other way so the Raiders had nothing but guts to go on. But, with only seconds left, Godley pushed the ball down court, red birds hovering all around, forced a desperation shot. Swoosh, N-B-C! That shot made a statement and put an exclamation point on the Raiders performance. It said, "You dat-gum birds did not beat us, you merely outscored us... this time!" Unfortunately for Sealy and Bellville, the Raiders took some of that vengeance out on them. In the Sealy ballgame, Rice came out a bit groggy in the first half; then went on to shut the Tigers' offense down in the second half. Gertson, Irk King and Jeremy

FREE BONDING DEMONSTRATION

You may have heard about the new bonding technique and how it can be used to repair chipped or decay-damaged teeth, fill gaps between teeth or hide permanently stained teeth. You may have even considered having some bonding done but didn't because you were unsure of the outcome. Well, now we can show you exactly what bonding can do for you.

Come into our office for a demonstration on how bonding can change your smile. During the demonstration, we'll apply light-cured material and shape it as we would during a real bonding procedure. This material will not harm your teeth and can be completely removed after the demonstration. After you've had a chance to see your new look, we'll take pictures for you to keep. Then we'll simply remove the material.

If you think bonding could improve your smile, call us today and make an appointment for a free demonstration. You don't have to guess about how good your smile can look; you can see for yourself.

Presented as a public service to promote better dental health. From the office of JOHN B. MYRES, D.D.S., 704 S. McCarty Avenue, Eagle Lake, 234-3525.
