**Capitol Comment... Flag-Protection Amendment will be run up the pole again**

By U.S. Senator Kay Bailey Hutchison  
 debate has cast on it.  
 Some people make the dead-end argument that if you support a Constitutional amendment to protect the flag, as I do, you are either attempting to undermine free speech or have taken refuge beneath the least sophisticated and most narrow-minded kind of patriotism. I reject such assertions. None of our rights, including our First Amendment rights, are absolute.  
 To my mind, it is highly appropriate for the people of the United States to take measures to protect their flag from disrespectful or contemptuous treatment. Certain actions so offend the sacred values of others that they deserve sanction—and the desecration of the American flag is one of them. Such "speech," if it is indeed such, is the moral equivalent of drawing a swastika on a synagogue—and performed in the same spirit.  
 Nearly 80% of the American people say they favor such an amendment, and 49 of the 50 states have asked for its approval. This matter is not going to go away.  
 The honor of our flag is worthy of the spotlight this continuing national

 music. Officer Ochoa checked the area, but was unable to locate anything.  
 Chief Webb met with a complainant and took a report of criminal mischief on East B Street where a rear window was shattered in the church van. The case is under investigation.  
 Ruben Molano was arrested on Dec. 18 at 12:27 a.m. on an open warrant for loitering. He was processed at the police department by Officer Ochoa, then transported to CDC for confinement.  
 Officer Ochoa responded to a panic alarm at the Community Hospital on Dec. 18 at 3:52 a.m., and again at 4:59 a.m., but found the alarm had been set off by a power surge.  
 On Dec. 18, Chief Webb received information concerning the location of a wanted juvenile who had escaped from the Texas Youth Commission (TYC). He had been confined as a result of probation violation probation, stemming from an unauthorized use of a motor vehicle incident in Cuero and an assault incident which occurred in Eagle Lake.  
 The juvenile had escaped on Oct. 30, 1995. Chief Webb gave information to the Cuero Police Department and Dewitt County, which led officers to the Cuero location. Officers arrested the wanted juvenile after a brief stand-off at a local residence. The juvenile was transported to the DeWitt County Sheriff's Office. The Colorado County Sheriff's Office returned the juvenile to the TYC facility.

**Foot Facts**  
 By Dr. Eric R. Tepper, Podiatrist  
**FACTS ABOUT FOOTDROP**  
 Most of us take walking for granted. The feet and legs pump up and down in concert together seemingly without effort—until, perhaps, one day the foot stops responding, hanging limply from the ankle. "Footdrop" is the name given the condition in which the foot is unable to rise properly, causing it to drag or catch on the ground while walking. It can be caused by damage either to the leg muscles that control the foot motion or to the nerves that supply those muscles. Common reasons for such damage include diabetes mellitus, multiple sclerosis, and disorders of the nervous system. Foot weakness may also result from pressure on a nerve root due to a disc prolapsed in the spinal cord, or, rarely, a tumor.  
 "Footdrop," like all other individual foot problems, demands personalized attention. To get the care and treatment your feet deserve, call your foot care specialist. If you have a foot problem you're not walking alone. Four out of five adults suffer from some kind of foot problem, and many choose to have their problem treated by a specialist in foot care. We offer complete family foot care for feet of all sizes and shapes at Rest District Community Hospital. I am there every Tuesday. Call 234-5571. Best wishes for happy holidays.  
 P.S. Even after treatment of the underlying cause, a patient with footdrop often needs help to overcome persisting foot weakness.
