ronmental concerns could either be minimized or mitigated An Environmental Assessment respecting the within project has been made by Eagle Lake which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. Eagle Lake is certifying to TDHCA that Robert L. Cook, III, in his official capacity as Mayor, consents to accept the jurisdiction of the Federal FARM EQUIPMENT Courts if any action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval Eagle Lake may use the Block Grant funds and it will have satisfied its responsibilities under the National Environmental Policy Act of 1969. TDHCA will accept an objection to its approval only on one or more of the bases and procedures described in 24 CFR Part 589.75.
