★ Conservative Values

"I watched as our Governor led the fight to reform our welfare and juvenile justice systems. I cheered as Texas addressed the problem of lawsuit abuse and worked to return parental control to our schools.

"But the battle for these and other conservative ideals has just begun. I want to help continue this effort. I want to go to Austin and bring true conservative leadership to the hard working men and women of House District 28. Together, I believe we can make Texas a better place to live, work, and raise a family."
