## Rice JV baseball opens district

On Tuesday, March 12, the Rice Raider JV baseball opened district play against the Columbus Cardinals in Columbus.

Columbus opened the scoring, bringing five runners across the plate in the bottom of the first inning. The Raiders answered in the top of the second with Jay Knight scoring on a double steal of second base and

to the Tigers, by the score of 6-4. The Raiders bats were dead during the early innings of the game as the Raiders found themselves trailing 4-1 at the end of the third inning.

The Raiders rallied in the fifth inning, scoring three runs to pull within two to 6-4. The Raiders fell short though, as Sealy put in a new pitcher to shut down the Raider attack with runners on second and third.

Chuck Stephens did a fine job pitching for the Raiders giving up six runs, on two hits. The Raiders were plagued by costly errors which produced the Tiger runs. Stephens stuck out five while walking five also.

Leading hitter for the Raiders were Knight, Stephens, Shaun Johnson and Godley each had one hit.

The record now stands at 1-4. The Raiders next game was scheduled on Saturday, March 23, at 11 a.m. at Raider field.

I got the feeling there was a crowd on hand to help Kerry eat his catch of the day.

**Foot Facts**

By Dr. Eric R. Tepper, Podiatrist

**A FOOTNOTE TO MULTIPLE SCLEROSIS**

Multiple sclerosis is known as a crippling of adults in the prime of their lives, yet its affect specifically on the feet is sometimes overlooked. For example, plantar fasciitis (inflammation of the tendon that connects heel to toes, running under the arch) often develops as the gait of a person with M.S. becomes hindered by the motor nerve damage typical of the disease. The tendon twists and over-stretches as it struggles to compensate. Also, toes may curl under painfully, further hampering mobility. In many such cases, orthotics (prescription inserts) and other podiatric options can help patients stay on their feet.

As foot specialists, whenever our patients are dealing with M.S., diabetes, and other medically related problems, we are happy to work with their other health care providers to ensure maximum treatment and comfort. We don't treat the entire body, but our experience shows that foot problems can affect the entire body. We do treat all kinds of foot diseases, conditions, disorders, injuries, and bone deformities. Please call 234-5571, at Rice District Community Hospital, for an appointment. I am there every Tuesday.

P.S. Treatment for plantar fasciitis may involve rest, ice, and anti-inflammatory medication as well as orthotics.
