Preparing first-timers for school

A child's first day at school can be an A+ if parents do a little homework of their own. "A parent's attitude about school plays an important part in how the child reacts," said Dr. Lou Ann Todd Mock, a psychologist at Baylor College of Medicine in Houston.

"If your child has been in day care, make clear that this change is a real accomplishment and that now the child is grown-up enough to go to 'real'

school," Todd said.

Mock's other suggestions are:

- Visit the school during the summer.
- Begin the appropriate bedtime and wake-up schedule a week or two in advance.
- Figure out the best morning routine.
- Let the child select the first-day clothes and lay them out in advance.
