WHY CAN'T USED CARS AND TRUCKS COME FROM A COMPANY THAT'S BUILT THEM FOR OVER A CENTURY?

NOW THEY CAN.

Some places claim there's a better way to buy a used car. But GM Certified Used Vehicles are the only GM used cars and trucks that meet the standards of the company that built them.

All GM Certified cars and trucks are reconditioned by experts - GM dealers specifically selected by General Motors and dedicated to your peace of mind.

Each GM Certified Used Vehicle first undergoes a comprehensive 110-Step mechanical and appearance inspection that is performed by factory-trained technicians.

Then their work is backed by a GM 12-Month/122,000-Mile Bumper-to-Bumper Warranty that comes at no extra cost.
