Views On Dental Health

BRACES — NOT JUST KID STUFF

More than a million Americans over age 18 are getting their teeth straightened. Why would adults get braces which were formerly for children? Because they want to improve their appearance.
Many adults obtain orthodontic treatments for health reasons. Crooked, crowded teeth are difficult to keep clean. They are more vulnerable to decay. A bad bite causes uneven stress on teeth and jaws... leading to pain in the jaw's joints, headaches and tooth loss. Such problems are not self-correctable. If anything, they become worse.
Treatment by an orthodontic specialist to correct the original problem is usually less costly than the additional dental care required to treat more serious problems that can develop in later years. The biological process involved in tooth movement is the same for adults and youngsters. Discover how great your smile could be with straightened teeth and improved dental health. Make this change for a better lifestyle with orthodontic care.

Presented as a public service to promote better dental health. From the office of JOHN B. MYRES, D.D.S., 700 S. McCarty Avenue, Eagle Lake, 234-3525.

St. Anthony students visit Capitol

Tuesday, April 20, a group of third and fourth grade students from St. Anthony Elementary School in Columbus visited the State Capitol in Austin. Teachers Karen Zabesky, Patsy Weiser and Vickie Glynn escorted the group, along with Mary Kay Cook. The students are pictured with State Representative Robert L. "Robby" Cook, who represents Bastrop, Colorado, Fayette and Wharton Counties and is from Eagle Lake.

In addition to observing the House of Representatives and Senate in session, the class toured the Capitol and the Extension, visited Representative Cook's office and attended a program at the Visitor's Center.

Miriam, Phillip and Nehemiah. Everyone who came was also treated to the elaborate decorations which have become the standard of Living Hope's VBS.

And the opening assembly and music were tremendous times of celebration as the children came together. Pastor Mercy Fling said, "The songs we sing in VBS will stay with the children and adults for years to come."

Five fun filled days concluded on Friday afternoon with the Royal Feast, an afternoon party with games, food and fellowship for children and parents.

The mission project this year was Bishop Francis Suza, a national pastor in Kenya, East Africa. "The children brought a total of \$460.46 in offerings during the week, all of which is given to Bishop Suza when he visited with us June 20," said Pastor Fling, "Living

Hope keeps no part of these offerings, we provide VBS for the kids and the kids' offerings all go to our missions project each year."

One of the really exciting things was that Bishop Suza was able to pray for the children from VBS who attended Living Hope on Sunday morning. Suza told them, "I already know where this money will be used. We will use it to sponsor poor children in our country to come to Bible School in Kenya. Hundreds of children will be blessed his summer because of what you have done."

Living Hope provides a continu-

ing program for children every Wednesday evening at 7 p.m. t the church education building. The program is under the direction of Cherrie McCain and features fun, food and games centering around the same themes of Hope, Faith and Love, that highlighted the VBS. Children ages five through 15 are invited to this continuing program. As with all programs of Living Hope Church, you may contact Joe or Mercy Fling at 234-3710.

Or for further information on Living Hope's programs call Cherrie McCain at 234-3731.
