sociation. He and Evelyn returned to Columbus in 1976 to raise their children, Pat and Scott.

In 1990, after nearly 25 years in the dirt contracting business with Cagle Construction, Eddie and Evelyn established their own family owned and operated business, Orange Construction Company, Inc. The company has grown to include their son, Scott, who is Vice-President and Site Superintendent, and Eddie's brother, Herbert Orange, a Site Superintendent.

Evelyn Orange was born and raised in Columbus, attended the Columbus Schools and upon her return to Columbus worked for the school district. She worked for CISD for 17 years as a bus driver, teachers aide, and clerical aide in the Superintendent's office. She is a member of St. Roch's Parish in Mentz and Catholic Daughters of the Court St. Roch's. Evelyn is active in various community associations in the Bernardo Mentz area. She serves as Financial Reporter for the Catholic Daughters and as Secretary of the Bernardo Fire Department Ladies Auxiliary.

Eddie and Evelyn enjoy spending time at their weekend home in Port O'Connor, Texas, fishing and relaxing. They especially enjoy spending time with their three grandchildren, Brett and Taylor Bartels and Hannah Orange.

The Oranges have been active supporters of the Colorado County Fair, especially the Show and Sale. Evelyn has served as Junior Livestock Committee Sale Chairman and has spent many hours organizing and working for the show and sale. Eddie has been a generous contributor for many years, purchasing show animals in the auction. They both have donated time and money to the FFA and youth groups of the community. Eddie is a Co-Chairman of the Colorado County Cookers, a group that holds its BBQ cook-off in conjunction with the Fair weekend. Eddie and Evelyn are both Lifetime Members of the Fair Organization and are members of the Founders Club for the new Ag Complex Facility which will be the permanent home of the Colorado County Fair beginning this year. As an Ag Complex Board member, Eddie has been instrumental in organizing and proceeding with the plans to build the Ag Complex donating much of his time, equipment and expertise to the project. "Our goal," said Eddie, "is to make the Ag Complex Facility and Colorado County Fair a huge success for the year 2000 and beyond."
