Challenge me.

Two powerful words that kids are saying to their teachers, their schools, their parents.

Surprisingly, too many kids think school is too easy. They need, and want, to be challenged.

Need convincing?

- 74% of kids say schools should pass them to the next grade only when they've learned what's expected of them.

- 75% say they'd study harder if their schools gave them tougher tests.

Kids are curious and motivated when challenged in school. Now it's our challenge to challenge them. To educate them with rigorous academic standards and high expectations. To give them the skills and knowledge they'll need to succeed in school, the workplace and everyday life.

We're talking about your kids. Or grandkids. Or kids you know. If you underestimate their desire to learn, you underestimate their future. And ours.

To make that future a bright one, we need to challenge our schools to challenge our kids. And support schools in that effort. It's easy to start. Just call for our free booklet. It's

filled with information on how you can help raise academic achievement. And raise the hopes of every kid who wants to succeed.

School Board meeting reported

By Heidi Beasley

Rice CISD Board President Laurel Milentz called the business meeting of Aug. 13 to order at 7:30 p.m.

All board members were present.

The Board reviewed, corrected and approved the minutes from both previous meetings of July 16 and 31st.

The Revenue and Expenses report was reviewed and also approved.

Members heard reports from the campus administrators who were present.

Dollie Coleman of Eagle Lake Primary School (ELPS) stated her enrollment was at 313 students. Her pre-k and kindergarten classes held "Meet the Teacher" night Friday, Aug. 10, from 6:30 to 7:30 p.m. to help the young children feel comfortable on their first day of school.

She announced the restructuring of tutorials on her campus, and the implementation of "SMART Time" from 9:50 to 10:10 each morning. This is time designated for TAAS tutoring.

Raymond Beall, principal of Eagle Lake Middle School (ELMS), sent a report stating all teachers and staff are working hard for the beginning of the year. They were pleased to come back

to new carpet and furnishings as well as new paint on the playground equipment and patio furniture.

Coaches have been working hard getting the gym ready. Their offices have been re-carpeted and new desks were purchased to boost morale.

His campus has a new motto for the year: "Eagle Lake Middle School—A Place Where Students Come First." His faculty is excited about the new changes and are positive about the new year.

Garwood School's Principal, Eric Grogan, reported his facility was in order and ready for the first day of classes. He invited Board members to attend "Meet the Teacher" night Aug. 23 at 6:30 p.m.

Rice High School's Principal Michael Lanier thanked the Board for approving the painting of his campus. He said all was looking good. The Win School software is in place and teachers are being trained in using it for attendance and grading purposes.

Dr. Cynthia Saha from the Boot Camp sent a report stating her enrollment has seen a drop since the last reporting period. This is normal for this time of year and should increase

significantly after Sept. 1.

Currently, the population stands at 106 with 59 being in the Boot Camp and 47 in the TYC Unit.

Mollie Walker of the Special Education Coop said their official name has been changed to Colorado County Special Education Co-op. Rice CISD and Weimar ISD share ownership. This is to help share the expense of running and maintaining special education services which are too expensive for small districts to offer.

Ms. Walker went on to say she would like to see more inclusion of special education students in the regular classroom setting. She shared that ELPS and ELMS have experienced great success with mainstreaming.

In order of new business, the Board approved a list of signatures to be used for school bank accounts.

The Board heard a report from Ralph Gertson who is in charge of Technology for the entire district. He informed them on the benefits of Win School, the upgrades made possible by the TIF grant and discussed new technology that will help the students in the future.

Dr. Richard Gott presented the recommendation letter for the Colorado County Appraisal District Representative. Fritz Leopold was approved to be the representative. He has served in the past.

The Salaries and Benefits Committee recommended the following: The district shall maintain the contribution of \$3,640 for each full time employee towards health benefits; maintain the newly adopted hourly rate schedule to become effective on Sept. 1; maintain stipends at current levels as follows for the certified staff: Critical Academic Area Stipend at \$1,500 for teachers providing instruction in specified areas who are teaching classes that are for high school credit. Masters Degree stipend at \$400, junior high band directors stipend at \$3,000, high school band director at \$5,000, educational diagnostic stipend at \$3,000, Houston Livestock Show and Art stipend at \$2,200 and the Lifeskills/Adaptive Behavior stipend at \$3,000.

Bus driver pay will continue to be \$12 an hour with a minimum of one hour paid.

Increase the local stipend from \$1,400 to \$2,000 above base pay.

All returning campus principals will receive a \$2,000 pay increase.

Substitute teacher pay was also increased as follows: \$60 for high school diploma; \$70 for Bachelor's degree; \$80 for Certified Teachers; and \$90 for Certified Teachers retired from RCISD.

The Board then went over the preliminary budget given by Bill Hefner. He requested they meet Aug. 20 to make revisions and meet with Cindy Russell for further assistance.

The Board approved the resignation of Paul Barrow Sr.

New employees approved were Bernice Mann, Eric Nethery, Rachelle Kallina, Brandon Mathis, Sammi Bazzari, Stephanie Sunderman and Lori Hoffman.
