★ For Colorado County Judge

Promise- To give one's word, A pledge.
-Webster's New World

After promising to squeeze the budget dry, why has the budget increased by over \$3,000,000 since 1998?

After promising to reduce government, why were burdensome land use policies imposed on property owners?

After promising to give all people a respectful, why do so many come away feeling like they have been treated with arrogance and disrespect?

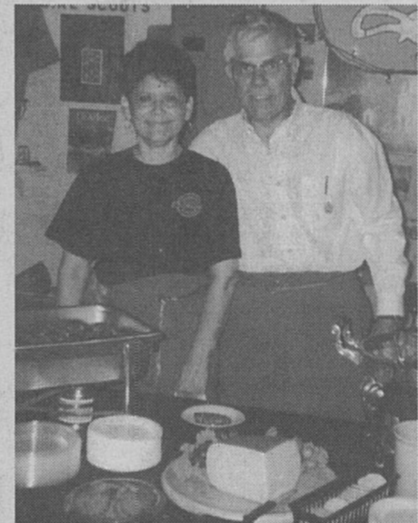

After promising to get 9-1-1 operable in six months, why, after four years, are there still so many problems with the radios, which are the heart and soul of the system?

After promising to take care of old business, why does the county still have no certified Emergency Management Plan?

"Real leadership is about more than just making promises; it's about keeping them. It's Time for a Change!"
