OUR RIVERS AND GROUND WATER
Rep. Robby Cook is fighting hard to protect them!

- The Brazos and Colorado Rivers run through the heart of House District 17, and as a former small-town Mayor, Robby understands that having a clean reliable water supply is absolutely essential to the people of our area.
- Robby is a fourth-generation rice farmer, and knows firsthand the importance of water for irrigation, as well as municipal, industrial and residential uses within the river basins.
- Robby serves as Chairman of the Rural Caucus, and is a member of the House Natural Resources Committee.
- Robby worked hard to protect our surface and ground water rights as a member of the important Interim Committee on Water Resources Development and Management. He has been a strong advocate for Ground Water Conservation and local control of our ground water.
- Robby will continue to fight in the Legislature to protect our water from large urban areas and prevent the priceless waters of the Brazos and Colorado Rivers from being siphoned off to water the lawns of Houston or San Antonio.

"All of us who live along the Brazos and Colorado Rivers know that they are unique and irreplaceable natural resources that must be protected. We all rely on rivers, either directly or indirectly. I will continue to fight hard in the Texas Legislature to protect our rivers and our water supply."

-Robby Cook
State Representative
