**In Memory of  
Roy Munoz  
Jan. 24, 2005**

*It has been one  
year since God  
called you home.  
I thought about  
you today, but that  
is nothing new.  
I thought about*

*you yesterday, and the day before  
that too. It broke my heart to lose  
you, but you didn't go alone.*

*For a part of me went with you, the  
day God took you home. God has  
you in His arms and I have you in  
my heart. Those we love don't go  
away, they walk beside us every day.  
Unseen, unheard, but always near.  
Still loved, still missed, still very  
dear. Memory is a gift that death  
cannot take away.*

From your loving wife,

**SBA Hurricane Loans  
Top \$3 Billion Mark**

The U.S. Small Business Administration continues to approve recovery and rebuilding loans for residents and businesses in the Gulf Coast region at a record pace.

Following Hurricanes Katrina, Rita and Wilma, the SBA has now approved more than \$3 billion in low-interest, taxpayer-backed disaster loans - \$1 billion approved in the first 18 days of January alone. Loan approvals for the month have averaged more than \$54.5 million per day.

"Our response to this massive disaster continues to accelerate at a record pace," said SBA Administrator Hector V. Barreto. "Roughly 90 days after Katrina struck we reached \$1 billion in loan approvals. Twenty-eight days later we reached \$2 billion and less than three weeks after that we reached \$3 billion."

Homeowners, renters and businesses in the declared disaster areas are eligible for SBA disaster loans. To date, almost 36,000 loans for more than \$2.4 billion have been made to homeowners. Almost \$600 million in disaster loans have been made to businesses. Louisiana has received over \$1.65 billion in disaster loans and Mississippi has received almost \$1.17 billion.

"I am proud of our dedicated staff, who are working with urgency and compassion to help people rebuild their lives after these devastating storms," Barreto said. "We will not stop working to provide needed assistance."

Today, there are more than 4,000 SBA employees working on disaster assistance, more than four times the number before Hurricane Katrina struck. The agency has already processed over 167,000 applications and has inspected over 176,000 properties. Already, almost 95% of the economic injury disaster loans for small businesses have been processed.

cessed.

Only one other disaster in the nation's history has exceeded the \$3 billion mark for SBA loans - the 1994 Northridge Earthquake, at \$4 billion in approved loans over a 12-month period. The Florida hurricanes of 2004 topped out at \$1.86 billion after more than nine months.

We'll let you play again...against our spouse, child, or parent. You see, at one in three odds, there are no winners. The only way to win is not to play. The only way to play is to find a CURE. sister, Margie Page.

Visiting with relatives in DeRidder, Louisiana recently were Angi and Zane Zbranek and Dana Sanders. They went especially to see Dana's sister, Tanya Johnson.

Congratulations to Brad and Kathy Gohlke of Houston upon the birth of their first child. Hunter Carlton arrived Thursday, January 19 and weighed seven pounds, nine ounces and measured 21-1/2 inches long. Proud grandparents from Sheridan are Bill and Lillian Gohlke and J.B. and Melva Quinney.

The Sheridan Volunteer Fire Department responded to an auto accident early Sunday morning that claimed the life of a young teenager. The car in which two students from Luling were traveling left the road one mile west of Sheridan, hitting a culvert. Departments from Hallettsville, Eagle Lake and Rock Island also assisted. The weather would not allow Life Flight to come, so the survivor was transported to Hallettsville. Jaws of Life were used to extract the passenger from the wreckage.
