HOROSCOPES

ARIES - Mar 21/Apr 20
Overindulging in all areas of your life is not a healthy way to live, Aries. Rethink your personal goals and streamline so you're not being pulled into too many directions.

TAURUS - Apr 21/May 21
You want to support a friend, Taurus, but you just don't agree with this person's motives. Don't get involved in the situation; you'll regret it later.

GEMINI - May 22/Jun 21
Someone in the family has stepped on your toes, Gemini. Rather than lash out, keep your feelings to yourself and be the bigger person in this situation.

CANCER - Jun 22/Jul 22
You've put all your eggs in one basket, Cancer, and now that things haven't worked out, you're left wondering what to do. Family members won't let you down.

LEO - Jul 23/Aug 23
Watch how much you spend this week, Leo. You could go overboard if you're not paying attention. Better leave the credit at home and use cash instead.

VIRGO - Aug 24/Sept 22
If you don't make a move soon in your love life, you're going to miss the opportunity, Virgo. Stop looking for the perfect Mr. or Ms. Right. Rather, look outside your comfort zone.

LIBRA - Sept 23/Oct 23
Now is not the time to make rash career decisions, Libra. You have too many responsibilities and bills coming in. Even though your job may not appeal to you anymore, stick with it.

SCORPIO - Oct 24/Nov 22
Normally a go-getter, Scorpio, you're ready to throw in the towel in regards to a project that isn't working out. Don't give up, however; you'll find relief soon.

SAGITTARIUS - Nov 23/Dec 21
Stop being so generous to others, and start concentrating on your immediate family, Sagittarius. They're in need of your love and attention. Quality family time is key.

CAPRICORN - Dec 22/Jan 20
Your love life is a mess, Capricorn. You can't seem to get along with your partner no matter what you do. Instead of butting heads, sit down and talk calmly and rationally.

AQUARIUS - Jan 21/Feb 18
Stop being argumentative, Aquarius. Those around you will grow tired of hearing how you're always right. Accept that someone else's opinion might be valid.

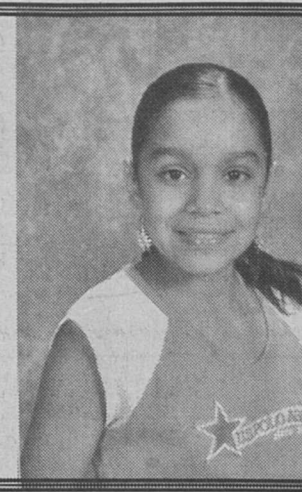

PISCES - Feb 19/Mar 20
Recovery from an injury or illness will take time, Pisces. Don't try to do it all now. You'll have plenty of time to catch up in the weeks to come.
