HOROSCOPES

ARIES - Mar 21/Apr 20

It's time to finally make a decision on that proposal, Aries. These stall tactics are doing nothing but hurting your reputation. Make a choice, regardless of the consequences.

TAURUS - Apr 21/May 21

Dream big, Taurus, because if you put your mind to it, you can certainly accomplish anything. There will be doubters, but you will prove them wrong in your endeavors.

GEMINI - May 22/June 21

You can't always be in control, Gemini, so relinquish the reigns to someone dear to you, whom you trust. Giving up a little power will teach you humility.

CANCER - June 22/July 22

You're losing touch with someone who was close to you, Cancer. It hurts that the friendship is fading. Do your part to rekindle this relationship - the extra effort is worth it.

LEO - July 23/Aug 23

Hold your temper, Leo, even when someone purposefully pushes your buttons. Anger and harsh words will not remedy the situation, so be the bigger person in all of this.

VIRGO - Aug 24/Sept 22

You will feel the need to help out someone at work this week, Virgo. Resist the temptation to do so because it may put your job in jeopardy if you interfere.

LIBRA - Sept 23/Oct 23

Take a moment to plot out your immediate future, Libra. Considering you haven't been as happy as you'd like to be with your career path - make a change now.

SCORPIO - Oct 24/Nov 22

There will never be the perfect time to make a drastic career change, so stop complaining about your current situation, and do something about it. Just realize the pluses and minuses.

SAGITTARIUS - Nov 23/Dec 21

You've recently made it through a rough patch, Sagittarius, and have come through no worse for the wear. File this experience away and move on to more positive things.

CAPRICORN - Dec 22/Jan 20

A person's good humor can only be pushed so far. Think before you speak when confronted with the individual you've been teasing, Capricorn. It could come back to bite you.

AQUARIUS - Jan 21/Feb 18

Having taken financial investments into your own hands, Aquarius, you may have found you're more in the red than in the black. Consult with an expert to turn things around.

PISCES - Feb 19/Mar 20

A special project at work requires creativity and imagination - two traits that you have in abundance. Show off and enjoy the rewards.
