HOROSCOPES

HOROSCOPES

ARIES - Mar 21/Apr 20
There's a bigger picture at play this week, Aries, but you're just having trouble seeing it. Take off the rose-colored glasses and it may just come into focus.

TAURUS - Apr 21/May 21
You have a goal, Taurus, so what's the hold up in getting started on achieving it? Pisces lends a helping hand on Wednesday, and the end of the week has some banner days.

GEMINI - May 22/June 21
There's more to a relationship you have than meets the eye. Others don't know just how much you care for this person. It could be time to let them in on your little secret.

CANCER - Jun 22/Jul 22
If you need help with something, Cancer, you just have to ask for it. You have many willing helpers just waiting for an invitation to get involved. Libra is one of them.

LEO - Jul 23/Aug 23
You may want to put the brakes on a financial venture you were considering, Leo. Let's just say the stars are showing that something may not be on the "up and up" with this deal.

VIRGO - Aug 24/Sept 22
If you like roller coasters, Virgo, then you're going to love the week you're about to have. There will be no time for boredom because your

schedule will be jam-packed.

LIBRA - Sept 23/Oct 23
Give a lot of thought to your actions, Libra, because this week you cannot get along by winging it. Expect a reprimand at work. But the entire situation settles down by day's end.

SCORPIO - Oct 24/Nov 22
Does the sound of a few days of rest and relaxation sound good to you, Scorpio? It probably does, considering you've been working yourself to the bone for quite a while now.

SAGITTARIUS - Nov 23/Dec 21
It's time to make moments count with a family member with whom you've had a recent falling out, Sagittarius. Be honest and accept responsibility for anything you've done.

CAPRICORN - Dec 22/Jan 20
If you're looking for a ray of sunshine, you'll find it with family members who are close by, Capricorn. They're just looking to spread their good fortune and spirits to you.

AQUARIUS - Jan 21/Feb 18
Patience is a virtue not many people possess, Aquarius. You'll need it in droves when you support a loved one who is experiencing a rough patch. All things pass, however.

PISCES - Feb 19/Mar 20
Do not take on any more work, Pisces, unless you want to get burnt out. You have enough on your plate to last for days, so focus on that.
