TOOTH WHITENING
Tooth whitening is all the rage these days, and there's a vast array of products that can restore the sparkle in your smile. Dentistry has become aesthetically and cosmetically aware. Everything from tooth-whitening gums, toothpastes, and adhesive strips are now available, all of which have a mild beneficial effect, usually temporary. Home whitening kits - in which you wear a custom-designed mold of your teeth (made by your dentist) that contains a whitening solution for several hours a day - can make teeth substantially whiter within weeks. Talk to your dentist if you are interested in tooth whitening.
