Xi Pi Psi Reports On Recent Meeting, Activities

Xi Pi Psi sorority members were delighted to see Anna Mae Wiese at their meeting, after being in Virginia for 72 days! What originally was a vacation, seeing their older son, Richard before being deployed as a Navy Chaplain, became a hospital stay, for husband, Donnie. After suffering 3 heart attacks and many prayers, they were able to return "Home in Texas."

President Ernie Sommerlatte presided over the meeting with 13 present, in the home of Connie Lange. According to the Beta Sigma Phi International chapter, a yardstick measures the rating of the chapter, by the activities & projects carried out. Our chapter, was reviewed & hopefully, we will continue to be a 3 star chapter, the highest rating!

The Birthday calendar, ways & means project was discussed & everyone is urged to make any necessary changes. Anyone who is not on the calendar & wishes to be is urged to call Ernie at 234-3452 & put your families birthday, anniversary or memorial dates on

the calendar. The cost is \$5.

Kandi Gertson was the recipient of the Xi Pi Psi Scholarship, presented by Ernie Sommerlatte, at the awards banquet, held at Rice High School.

This is an annual service project, to help further the education of our future leaders.

Preparations are being finalized for the Donnie Wiese Benefit, for June 23rd, at Didner Hall, from 5-8 on the evening. There will be BBQ chicken & all the trimmings, a Raffle & Silent Auction. Plan to come to the hall & enjoy the meal & enjoy Major Benges's musical talent on the keyboard.

We appreciate your support for this worthy project.

Anna Mae Wiese thanked everyone for their prayers, cards & support during Donnie's hospital stay. "it's overwhelming to know how many cards, letters, phone calls, visits & many prayers we received while in Virginia. We appreciate our classmates & our home town, we are truly blessed, said Anna Mae."

Connie Lange presented the program on "Are You Ready for a Hurricane."

She gave us all a disaster supply list, how to prepare for the storm & a hurricane tracking chart. Fema had a report on emergency kits, suggesting supplies for home, work or in the car, since you do not know

where you will be in case of an emergency evacuation. Of interest, you should have one gallon of water per person per day. A normally active person needs at least one-half gallon of water daily just for drinking. Hopefully, we won't need this useful booklet of info, provided by Connie!

HOROSCOPES

- ARIES** - Mar 21/Apr 20
There's a bumpy financial road ahead, Aries. So you better start socking away your nickels and quarters to save for that rainy day. Romantic options are slim this week.
- TAURUS** - Apr 21/May 21
Taurus, expect some major changes at work by Thursday. It's bound to cause some commotion and upheaval to the usual schedule. Stress at work makes home life tense.
- GEMINI** - May 22/Jun 21
An upset family member is someone you want to avoid, Gemini. A war of words may ensue otherwise. There are calmer waters at work, where you find yourself retreating to.
- CANCER** - Jun 22/Jul 22
Cancer, you don't stop talking and it irks those around you. It's best to keep quiet for a while and remain busy instead of being a chatterbox. Meditation can help calm you.
- LEO** - Jul 23/Aug 23
A big raise seems imminent, Leo, and a promotion could be right around the corner. You're the golden guy or gal at work right now. Enjoy the attention.
- VIRGO** - Aug 24/Sept 22
You're out of the slump that has been bogging you down, Virgo. That's good news for that creative project that you've started, which now needs your undivided attention.
- LIBRA** - Sept 23/Oct 23
Libra, your patience is tested at home on Friday. There are too many people vying for your attention and it's communication overload. Lock yourself in a quiet place.
- SCORPIO** - Oct 24/Nov 22
This week you have finally found the formula for remaining calm under pressure, no matter what gets thrown your way. Others notice the new you immediately, Scorpio.
- SAGITTARIUS** - Nov 23/Dec 21
A hobby or new interest can keep boredom at bay, Sagittarius. Every now and then some time spent gathering your thoughts or in solitary activities is good.
- CAPRICORN** - Dec 22/Jan 20
Capricorn, stop butting heads with that person at work. You have to remain calm and not incite arguments. Stubbornness will not get you farther than compassion.
- AQUARIUS** - Jan 21/Feb 18
You are your own worst critic, Aquarius. Although you like to over analyze things, now is the time to just take the plunge. Trust in your research and findings.
- PISCES** - Feb 19/Mar 20
A relationship is bound to end this week, but it's for the best, Pisces. It wasn't your fault; this person just couldn't devote the time.
