Library Lines

By Patty Holloway

Sail Away with Books was the theme for the summer reading program at the Wintermann Library this year.

For the past six weeks we had 123 children "sailing away" here at the library.

It was a busy time but most of all a fun time for all of us. Soon school will start and we all will settle back into our routines but hopefully the children will keep on sailing away into new adventures and discoveries with good reading habits.

The book discussion group will resume their meetings again on Monday, August 13 at 2 p.m. The book they will start with is Wild Swans; Three Daughters of China by Jung Chang.

This is an account of the lives of the author, her mother, and her

grandmother and how they fared in the political maelstrom of China during the 20th century.

The vintage items on display at the library will only be here until the end of July so if you haven't seen the display you don't have much time left to see your neighbors family treasures.

To let you know how your library is serving the community for the month of June our total circulation was 3, 271; computer usage was 489; average daily circulation was 126; new patrons registered was 57.

The Wintermann Library gratefully acknowledges the following memorials. In memory of Orville Powers: Mr. and Mrs. Bob Wilcox, Mr. and Mrs. Ted Reese; In memory of Helen Hodde: Mrs. Mae Ashby.

Nada/Garwood Gadabouts

The Nada/Garwood Gadabouts met at the Garwood Fire Station meeting room July 19, at 2:30 p.m. with President Anita Meisner welcoming the members and calling the meeting to order. Vice president Minnie Lee Conner led the group in the club prayer and the pledge to the flag.

The roll call was answered by Helen Notboom, Janie Kristynik, Henrietta Patrick, Jeralyn Prihoda, Ella Buzek, Ethelyn Popp, Karol Kallina, Clara Gold, Anita Meisner, Edna Shimek, Minnie Lee Conner and Catherine Berger. Secretary Catherine Berger read the minutes of the last meeting and Helen Notboom gave the treasurers report.

Hospitality: Get well cards were sent to Cynthia Boenisch, Katie Jo Kunz, Agatha Gold, Vic and Dorothy Hyek, Doris Drliek, Ernie Genz, Pauline Solomon and Lorine Lanier. Birthday cards were sent to Catherine Berger, Lucille Till, Janie Kristynik, Alice Kallina and Mike Kunz. Sympathy cards were sent to the Michael Lanier and Ed Wied families.

The gardening committee reported that they have okra, bell peppers and Egg Plants but most are getting too much rain and the weeds are taking over their gardens.

The Veterans luncheon was deemed a success and it was noted that 33 veterans attended, along with their spouses and guests. Mike Kunz received a special thanks and a gift for the use of his equipment and for frying the chicken for the luncheon. The group appreciates his generosity and the help of Bernard Kristynik and Leon Meisner.

The Gadabouts have presented their annual \$100.00 scholarship to a very deserving Jessica Till who has been involved in FFA and 4-H, as well as many other community and church activities during her school years. Jessica is the daughter of James and Mary Till of Garwood. The Gadabouts congratulate Jessica and wish her well in her future endeavors.

It was noted that the Gadabouts have donated three gift certificate cards to the Garwood Veterans Memorial Library of Garwood, these will be presented

to children who participated in the summer reading program. Sheryl Abell Carnes has been in charge of the reading program and she reports that there has been good participation by the children.

The members are happy to welcome Ethelyn Popp as a new member of the Gadabouts.

The Gadabouts are exploring the possibility of sponsoring a Farmers Market with some of the funds generated by members being used for club activities, other citizens in the Nada/Garwood area will also be invited to participate in this project. This will be discussed at the September meeting.

Anita presented a very informative and educational program on the importance of child farm safety because children love to climb and explore, she stated that chemicals should be kept out of their reach, ATV and bicycle riders should always wear helmets. Children should also be watched around farm animals and operators of farm equipment should always be mindful of children being in and around areas where they are working. Another area of extreme danger where a child can be sucked in and suffocated are areas of gravity flow of grains. Also, someone on the farm should be knowledgeable in first aid, CPR and the Heimlich Maneuver. In general everyone should practice safety in all facets of farm life especially where children are concerned since they are out there.

Members contributed 190 1/2 hours, 339 miles and \$310.26 in monetary contributions for April 2007.

Happy birthday to Anita whose birthday is July 26. Happy August birthdays to Henrietta Patrick on August 9, Helen Noteboom on August 26, and Edna Shimek on August 29.

Delicious refreshments of sandwiches, pickles, chips, deer sausage, crackers, assorted cakes, cookies and drinks were provided by Noteboom, Meisner, Buzek, Prihoda, Conner and Patrick.

The next meeting will be held on September 20 at the Garwood Fire Station meeting room.

Prevention & Treatment for this Common Virus
Respiratory syncytial virus (RSV) affects most children by 2 years of age. While adults may also be infected, infants are most severely affected by this virus. RSV may be transmitted through coughing or sneezing, and enters the body through the eyes, nose, and mouth. Symptoms typically appear within 4 to 6 days after exposure to the virus. In adults and children older than 3 years, mild symptoms such as sore throat, dry cough, and low-grade fever may occur. In children younger than 3 years of age, more serious conditions such as pneumonia may result. Symptoms in this age group include high fever, severe cough, and bluish colored skin due to lack of oxygen.
Over-the-counter medications such as acetaminophen (Tylenol) and ibuprofen (Advil, Motrin) may help to reduce fever; however, they do not cure the infection. Antibiotics will not work against RSV since it is not a bacterial infection, however antibiotics are used for treating bacterial complications associated with the virus, such as an ear infection or bacterial pneumonia. For severe cases, a nebulized bronchodilator such as albuterol (Proventil, Ventolin) may be used to alleviate wheezing by opening the lung air passages. Palivizumab (Synagis) is the name of an injection used to prevent serious RSV infection in infants and young children at high risk.
