Eagle Lake Pet of The Week Cathoula Mix?

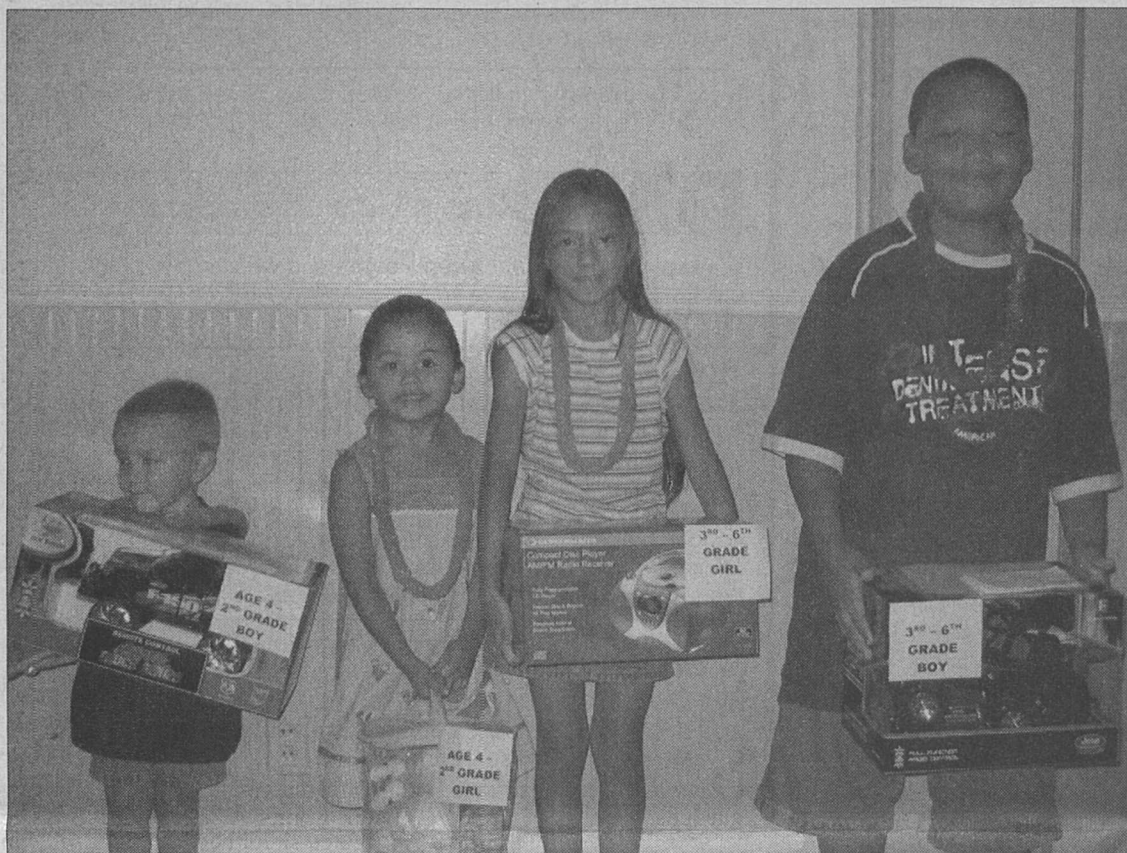

This female is about ten weeks old and was found in the Ricemill area. If she is yours or you would like to adopt her, call 758-1804.

Happy 15th Birthday, Sarah

"First it was diapers and baby bottles, now its boys, make-up and cell phones." We Love you, Aunt CoCo, Grandpa and Grandma

At left, winners for the Summer Reading Program at the Wintermann Library were from left to right, Cason Sunderman and Abigail Gasca, winners for age 4 - 2nd grade and Mariah Sosa and Oliver Shorter, Jr. winners of the 3rd grade - 6th grade. Cason read 44 books, Abigail read 75 books, Mariah read 4,916 pages and Oliver read 3,643 pages. After investigation, Sosa was deemed ineligible for the prize because she won last year, but congratulations are still in order for a job well done.

Summer Reading Winners Announced

The Summer Reading Program "Sail Away with Books" ended at the Wintermann Library on July 18 with a pizza party, cookies and drinks for the children.

There were a total of 123 enrolled this year with 65 children receiving certificates and free books for reaching their goals.

The youth enjoyed weekly programs and projects for seven weeks of the summer including Julian Franklin, the magician, Ranger Cindy from Lake Texana with her reptiles and canoeing safety program, Mrs. Darlene Argo presenting a program and project on the ocean, and the artistic talents of Clayton Bowen.

Winners for the age 4 - 2nd grade group were Cason Sunderman reading 44 books and Abigail Gasca reading 75 books. In the 3rd grade - 6th grade group, the winners were Brittany Sosa reading 2,409 pages and Oliver Shorter, Jr. reading 3,643 pages.

Thanks goes out to all of the sponsors and volunteers who helped make this year another huge success.

These include LCRA, First National Bank, Eagle Lake Lion's Club, Eagle Lake Rotary Club, and Brookshire Brothers for their donations; Becky Marsalia and Elaine Hickey for the face painting, and Becky and Kelly Almanza, Darlene Argo, Clayton Bowen and all of the moms who stayed and helped during the programs.

"I would also like to thank the staff of the library for all of their hard work", says Vicki Powers, Librarian. "Wednesdays are very busy at the library. When children

check out over 200 books in one day, they have to be re-shelved when they return.

It takes each one of us doing our part to make the program the success that it is. I am very grateful for the staff that we have at the library."

The Summer Reading Program is sponsored by the Texas State Library and Archives Commission.

The theme for 2008 will be "Texas Reading Club Jubilee: 1958-2008!" celebrating the 50th anniversary of the Texas Reading Club.

Woolard Honored With Shower

Leslie Curt Woolard, bride-elect of Curtis Wayne Dornak, was honored with a miscellaneous bridal shower Saturday, July 21 at St. Mary's Parish Hall in Nada.

The registration and food table were decorated with spring bouquet floral arrangements. An engagement picture of the future bride and groom accented the registration table. The guest tables were decorated with Lantana flowers and maroon ribbon.

Refreshments included cake, meat and cheese platters, crackers, mints and punch.

Special guests were Donna Woolard, mother of the bride-to-be; Mary Jane Dornak, mother of the future groom; Jo Ann Swoboda, grandmother of the bride-to-be; and Helen Dornak, grandmother of the future groom.

The 51 hostesses presented the couple with an 18-piece stainless steel cookware set, magnalite roaster KitchenAid 5-quart mixer.

Leslie and Curtis will be married on September 29, 2007.

HELP FOR SENSITIVE TEETH

If a sip of cold water or a bite of ice cream is painful, or if flossing makes you cringe, you may have a condition known as "sensitive teeth." Causes of sensitive teeth can include tooth decay, or cracked tooth, worn tooth enamel or exposed tooth roots.

If a tooth is very sensitive for more than a few days, and reacts to hot and or cold foods, it is best to visit your dentist to find out the cause. Recommended treatment will depend on the origin of the sensitivity.

The dentist may suggest a special toothpaste, a fluoride gel, or another type of desensitizing agent to help block the transmission of pain from the tooth to the nerve. If sensitivity is caused by a flaw or decay in the tooth, a filling or crown may be needed. If gum tissue has been lost, the dentist may recommend a surgical procedure to cover and protect the root.
