Family Services Gives Drug Warning

This article is addressed to all parents in Colorado County. Drug dealers in our county are targeting your child as a potential customer. You are the last line of defense against this terribly destructive force.

Until a year and a half ago Texas Department of Public Safety had a task force (The West Side Task Force) helping our narcotics officer in apprehending drug dealers.

Those agents have been resigned and we now have a single narcotics officer for the entire county. We are outnumbered

on the supply side but with your help we can win this war on the demand side.

Your child's health and your peace of mind and financial status are under attack. We would be more than happy to equip you with the armament that you will need

in this fight.

Please call us on a confidential basis on how you can learn the warning signs of possible drug use by your child and how to deal with it. Youth & Family Services, 800-256-7321 or 979-732-8355.
