Tips For Stretching Your Food Dollar

Prices for many everyday commodities are rising and this creates the problem of stretching our monthly budget.

One of the areas that families encounter budget problems is with their monthly food dollars, says Sally Garrett, County Extension Agent - Family & Consumer Sciences. Having enough food for the entire month can be a challenge when money is limited.

Below are some tips to stretch your food dollars and get the most food and nutrition for your money:

- Take an inventory. Look at the foods you already have on hand.
- Use those foods as a starting point for planning your meals.
- Plan your meals. Knowing what you will prepare for meals and snacks can help you make your shopping list.
- Read the grocery store ads before shopping. If you know what is on sale before you go to the store, you can plan your meals to get the most out of your food dollar.
- Make a list. A written list of what you need helps you stay focused at the store.
- This can help reduce impulse buys and help you get everything you need so you don't have to

make extra trips to the store.

- Compare prices with unit pricing. The unit price is the cost of an item per unit such as per ounce, slice, pound, etc.
- By looking at the unit price, you can compare costs of similar items that may be packaged in different size containers.
- Bend, stoop and stretch your way to lower food costs. Store brands are often found on the lowest shelves, but they are often equal in quality and taste to the more popular (and expensive) national brands.
- Don't shop when you are hungry. Shopping when you are hungry increases impulse buying.
- Use convenience foods wisely. In general, the more someone else prepares your food, the more you will pay for it.
- Cut back on foods with little or no nutrition. Eating foods such as soda, chips, cookies and candy less often means more money for healthier foods.
- Use coupons wisely. Even with a coupon, the store brand of a food item may be cheaper.

Gadabouts Hear Hospice Program

Anita Meisner, President of the Nada/Garwood Gadabouts welcomed the group who had gathered to learn more about the Houston Hospice of El Campo program on February 21 at 2:30 P.M. at the Nada Parish Hall.

After opening ceremonies, Anita introduced the speakers, Doris Morgan and Gloria Garza of El Campo, who presented a very informative program.

Doris outlined the services they provide, including the first assessment of the patient to determine their individual needs related to hospice diagnosis, as well as medication, equipment and other supplies to enhance the

comfort and safety of the patient, with comfort being top priority.

Gloria described the volunteer portion of the program, which includes nurses and aides. All levels of care include Hospice staff physicians, team nurses, social workers, home health aides, non-denominational chaplains and experienced volunteers.

There services are covered by Medicare and most insurance companies. For most patients, Hospice comes in to provide care and comfort during the last six months of a patient's life.

A question and answer period followed their program. After the

program, assorted cookies, cake, iced tea and coffee were served to the twenty-five attendees.

Hospitality Birthday wishes were sent to Clara Bruemmer, LaJuan Braden, Karol Kallina, Clara Lobpries and Katie Jo Kunz. Get well cards were sent to Arthur Mahalite, Jeralyn Prihoda, Annie Schneider, Edward Korenek and Gus Popp.

A sympathy card was sent to the Lucille Till family. A Resolution of Condolence was presented to the George Koenig family by Anita and the cross was draped by the flag at the Veterans Memorial Park for three days.
