# Summer Reading Starting

The Eula and David Wintermann Library will begin the Summer Reading Program with registration starting on May 28. Parents can come by the library and sign the children up for six weeks of fun programs, lots of reading and prizes.

The theme for the reading program is "Texas Reading Club Jubilee: 1958 - 2008". The Texas Reading Club is celebrating 50 years of encouraging children to have fun reading and develop those reading skills that will help them during the school year.

The beginning program will be on June 4 at 1:30 p.m. with Julian Frankin, the magician, returning for the sixth year. He will present "Book Bash!", an interactive, educational, fun magic program for kids. His program has three messages. Good readers can have all kinds of adventures. Good readers can meet all kinds of people. Good readers can learn

to do all kinds of things. Also implied is the idea that anyone can become a good reader by reading every day!!

On June 11, there will be an author book signing featuring local author, Sharon Sommer. Sharon will read her book "Adventures of Summer Hills - Rowdy Red's Lesson" and do a program with the children. She will also have her books for sale and will sign

the books for the public.

Ronald McDonald will be appearing this year on June 25 at 1:30 p.m. for all ages and Mr. Ted Lashley another magician will be the program for July 9 at 10:30 a.m. for all ages.

The closing party will be held on July 16 at 10:30 a.m.

Come register your children for a summer of fun and adventure!!!

## Wheat Production Down 30%

According to a May 1 survey conducted by the Texas Field Office, Texas wheat producers expect to harvest 98.6 million bushels of wheat, down 30 percent from 2007, but up 193 percent from 2006.

This forecast is down 17 percent from the Texas April forecast.

Statewide yield is expected to average 29 bushels per acre, down 8 bushels from last year, but up 5 bushels from two years ago.

Harvested acreage for grain, at 3.4 million acres, is down 11 percent from 2007.

Production on the Northern High Plains is forecast at 29.3 million bushels, down 64 percent from last year.

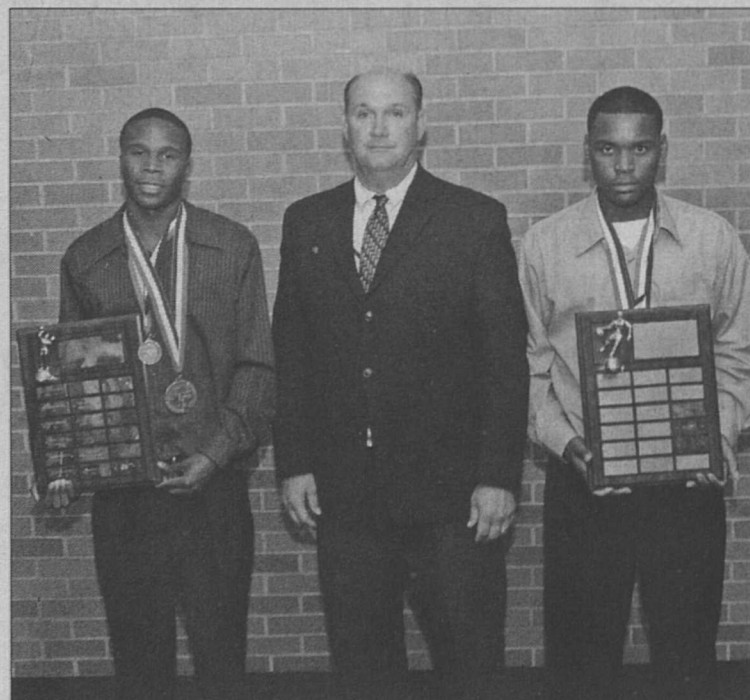

Winter wheat production on the Blacklands is forecast at 19.8 million bushels, up 77 percent from last year.

The Low Plains production is estimated at 33.4 million bushels, up 13 percent from last year.

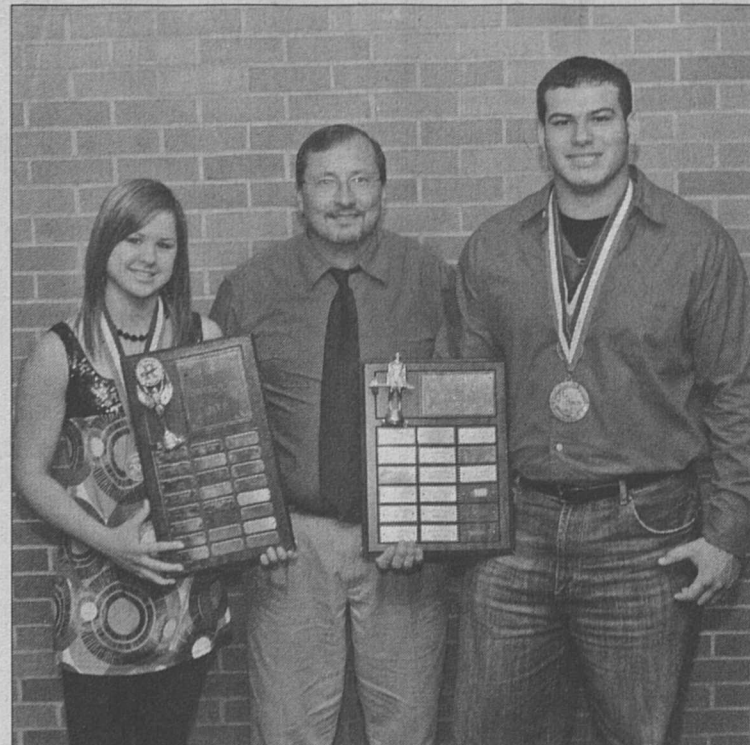

United States winter wheat production for 2008 is forecast at 1.78 billion bushels, up 17 percent from 2007.

Yield is expected to average 44.3 bushels per acre, 2.1 bushels more than a year ago.

Acreage to be harvested for grain is expected to total 40.2 million acres, up 12 percent from last season.
