Notice
of Tax Revenue Increase

The Rice Hospital District conducted public hearings on 9/12/08 and 9/17/08 on a proposal to increase the total tax revenues of the Rice Hospital District from properties on the tax roll in the preceding year by 11.43 percent.

The total tax revenue raised last year at last year's tax rate of .13292 for each $100 of taxable value was $825,715.

The total tax revenue proposed to be raised this year at the proposed tax rate of .14310 for each $100 of taxable value, excluding tax revenue to be raised from new property added to the tax roll this year, is $912,821.
(insert amount computed by multiplying proposed tax rate by the difference between current total value and new property value.)

The total tax revenue proposed to be raised this year at the proposed tax rate of .14310 for each $100 of taxable value, including tax revenue to be raised from new property added to the tax roll this year, is $920,122.
(insert amount computed by multiplying proposed tax rate by current total value.)

The Board of Directors of the District is scheduled to vote on the tax rate that will result in that tax increase at a public meeting to be held on 9/22/08 at Rice Medical Center Conference Room (location of meeting, including mailing address) 7:00 pm (time of meeting).
