## LETTER TO THE EDITOR

### Reader Upset Over Party Picture

We can all agree to disagree but on the weekend of October 11 some Garwood citizens took it to another level. Cruel and blatant racism as depicted at a party where white men went in black face, adorned in excessive chains, rings and brass knuckle, drinking old English 40 oz beers, hand guns in their waist, holding a bucket of fried chicken, red soda and pink rollers in their hair. These pictures are demoralizing and done in extremely poor taste.

I guess one of the things that disturbs me the most is a teacher from Garwood attended this party and allowed herself to be photographed smiling and holding beer bottles and cans.

There are certain professions that should hold themselves to a higher standard and teachers are one of them. Teachers are responsible for not only being objective, but teaching and molding young minds.

I am also shocked and saddened that the person depicting a pregnant cheerleader is a registered nurse and fellow co-worker of mine. What an unattractive picture of a medical professional.

It's unfortunate that this election has brought out the worst in a lot of people for whatever reason.

It's unfortunate that we still can't look past the color of one's skin and that the Afro-Americans are still being spotlighted in a negative manner. It's not funny to us, it never has been and never will be.

If anyone should be upset it should be us we are the ones who have endured 200 plus years of slavery, segregation, not having the right to vote for many, many years and unequal human rights and still we rise I wonder why? God never sleeps and there is a bigger plan and whatever is meant to be will be.

### Racism and Mokery are No Joke

As a member of the African American Community of Eagle

Lake and the Rice CISD. I want to express my concerns over the actions of a teacher and community members at a recent Halloween Party in Garwood.

We live in a time where our children are taught that they have the same opportunities as their counterparts, white, black or brown. Where the color of their skin does not dictate who or what they are.

When I see the people who are responsible for educating my black children making fun of their very existence it diminishes my belief in the efforts of this school district.

When I hear community members say that they did nothing wrong, it instills in me the fact that there are those of you in key community positions who think that racism is okay as long as no one gets hurt and it occurs in private.

Nothing is private once it becomes public information. The thought of saying 'I am sorry' is a slap in the face and a sweep under the rug. We as a community deserve more and you as a district should demand better.
