Contestants Sought For County Fair

Contestants are being sought for the Colorado County Fair Queen and Junior Queen Contests to be held at the Columbus High School Auditorium on Saturday, September 5. Girls between the ages of 10-13 are eligible to enter the Junior Queen Contest and girls 14-19 years of age may enter the Fair Queen Contest.

All contestants must be single and must be residents of Colorado County and attend school within the county.

To qualify for the pageant, contestants for Junior Queen must sell 20 season passes and Fair Queen contestants must sell 50 season passes for the 2009 fair. The fair queen contestant who sells the largest dollar amount of advance passes will be crowned membership queen and will receive a \$750 scholarship and the second runner up in sales will receive a \$500 scholarship.

The Fair Queen and Junior Queen will be chosen by out-of-county judges. They will be judged on personality, appearance and poise. The contestant chosen Fair Queen will receive the \$1000 Leslie Schmidt Heard Memorial Scholarship.

The Fair Queen, Membership Queen, and Junior Queen will participate in activities during the 31st annual Colorado County Fair to be held at the Colorado County Ag Complex on the Highway 71 Bypass from September 10-13.

They will also represent the fair association by riding the official fair float in area parades throughout the coming year.

A complete set of rules, entry forms and season passes may be obtained by calling one of the following members of the queens contest committee: Pamela Potter at 979-732-2705, Deborah Hayward at 979-725-8603 and Dianne Causey at 979-234-2958. The deadline to enter the contest is 5 p.m. Friday, August 14, no exceptions.

Did You Know

According to the National Home Education Research Institute, far less money is spent on children who are home schooled than those attending public schools. According to the Institute's figures, the average amount spent on home schooling per pupil in the United States is \$450. Compare that figure to those of public schools and it's hard to believe. Consider the state of New Jersey. During the 2006-07 school year New Jersey spent an average of \$16,085 per student according to the National Center for Education Statistics. That figure is nearly 36 times higher than the money purportedly spent on home-schooled pupils. Even California, a state with a much bigger population than New Jersey and nearly five times as many students as the Garden State, spent just under \$9,000 per pupil during the 2006-07 school year. Though the home schooling estimates appear remarkably low, that could be due to the average household income of home school families, which the Institute reports is less than \$25,000 for 18 percent of such families, and between \$25,000 and \$49,000 for 44 percent of home school households.
