## HOROSCOPES

**ARIES - Mar 21/Apr 20**

Take a more assertive role at work, Aries. Establish that you're reliable and can get the job done in a satisfactory manner no matter what comes your way.

**TAURUS - Apr 21/May 21**

Taurus, projects at home keep you busy for a few days. Just think them through before acting or else you might end up with a half-finished job or a big mess.

**GEMINI - May 22/June 21**

Gemini, confrontations leave you frazzled and at your wits' end. However, you don't have the luxury of making a quick escape. You'll have to ride this one out.

**CANCER - June 22/July 22**

Cancer, you can't be everyone's friend all of the time. So stop trying to be the best buddy out there. Focus on those people who genuinely respect you for the person you are.

**LEO - July 23/Aug 23**

Leo, it's been difficult balancing work and family life lately. You may have to make the decision that one will win out over the other. This is the time for deep thinking.

**VIRGO - Aug 24/Sept 22**

Fights at home have gotten out of control, Virgo. You have to learn how to respect others' feelings. Throwing temper tantrums will only create more enemies.

**LIBRA - Sept 23/Oct 23**

Libra, stop beating yourself up over a project you weren't able to master. You excel in plenty of other things. Set your sights on a new challenge and you'll be pleasantly surprised.

**SCORPIO - Oct 24/Nov 22**

Scorpio, a friend in need is reticent about seeking your advice. Give off signals that you are open and willing to be a

"shoulder to cry on." Good fortune arrives on Thursday.

**SAGITTARIUS - Nov 23/Dec 21**

Sagittarius, you've finally made the decision to uproot and move. With summer in full swing, now is a good time to dabble in the real estate market. Spend time working on curb appeal.

**CAPRICORN - Dec 22/Jan 20**

A confrontation at home catches you off guard, Capricorn. Rather than plan your defense, listen carefully to what this person has to say and voice your opinion rationally.

**AQUARIUS - Jan 21/February 18**

Aquarius, a supervisor has spoken to you about a disciplinary issue. Rather than take offense, heed the advice and use the conversation as an opportunity to improve your work.

**PISCES - Feb 19/March 20**

Pisces, nosy neighbors try your patience. Be civil; you don't want to cause any battles. Talk over your concerns in a calm, direct way.

**FAMOUS BIRTHDAYS**

**AUGUST 2**

Hallie Eisenberg, Actress (17)

**AUGUST 3**

Tom Brady, Athlete (32)

**AUGUST 4**

## Did You Know?

When thinking of hybrid cars, many people are to quick to point out that hybrids are as wallet friendly as they are environmentally friendly.

While that's true when it comes to fuel economy, it can be deceiving as well.

For instance, insurance premiums on smaller cars, including hybrids, are generally more expensive.

In a study by Insure.com, an online insurance broker, smaller vehicles were found to be much more expensive to insure than larger automobiles.

A 40-year-old male driver, for example, would pay an average of roughly \$1,700 per year to insure a 2009 Mini Cooper, whereas that same driver would pay less than \$1,300 per year to insure a Toyota Sienna Minivan.

Higher insurance premiums on smaller cars are a reality because smaller vehicles are involved in more accidents and result in more claims, particularly for injuries.

Another financial burden of buying smaller cars, and another reason for higher premiums, is their chances of being stolen.

Smaller cars have higher theft rates.

According to the National Insurance Crime Bureau, four of the top 10 most stolen vehicles in the United States are compact cars.

Hybrids can be cost-effective only when compared to traditional vehicles.

Higher fuel costs actually help hybrid drivers.

As the price of gas rises, hybrid drivers save more over drivers of other types of cars.

What these points illustrate for those thinking of purchasing a hybrid car is that it should be done for the right reason: to make a positive impact on the environment, as opposed to simply save money.

In the long run, the financial benefits might not be as great as you think, but you'll still be helping the environment.
