

The Antique Tractor Pull has become one of the most popular events at the county fair. One of the entries in last year's event is pictured pulling a large load down the track. They may be old, but they still have what it takes to get the job done. Come enjoy this year's event on Saturday starting at 11 a.m.

Dorothy Potter Memorial Tractor Pull Sat.

The fair association will again host an antique tractor pull on Saturday beginning at 11 a.m. This will be the fair's 9th annual pull. This year's event is being held in memory of the late Dorothy Potter and will hereafter be named the Dorothy Potter Memorial Tractor Pull.

Chairman Keith Potter and his committee invite anyone who has a 1959 or older model tractor to come out and pull a sled that is made for antique tractors.

There will be four divisions with weight classes in each division. Division 1 starts with 3,100 lb. stock tractor like would be used at the fair.

Examples are a Farmall A or B or an Allis-Chalmers B or C.

The higher the division the more the stock tractor can be modified for higher horsepower and more pulling power. There will be a scale positioned at the start, which keeps everyone honest for Saturday weight adjustments.

Anyone that pulls will be charged a \$15 hook-up fee on Saturday during the competition for each pull.

Trophies will be presented and all participants will receive special treatment for helping make the annual event a success. The pull sled and scale will be from Bicknell/Cason/Potter and Texas Antique

Tractor Pull Association rules will be used as the guidelines.

Anyone needing additional information should call Keith Potter at 979-732-6201.

The Hit Men are set to perform Thursday, September 10 from 7:30 to 11:30.
