Before you dig in your yard, call 8-1-1 to have your utility lines marked.

Most of us have pipelines in our yards supplying our homes with natural gas, and the Texas Railroad Commission has new rules for digging around natural gas pipelines. Not following the rules may result in a fine. Visit www.rrc.state.tx.us.

For more information on natural gas safety, visit CenterPointEnergy.com. After all, safety is in your hands... and always on our mind.
