Catholic Daughters Donate For Read

Members of the Eagle Lake Catholic Daughters of the Americas, Court of Our Lady of the Fields, #2465, started their "Read Across America" campaign with a one hundred dollar donation to the Eagle Lake Intermediate School's library. These donated funds are earmarked for the purchase of books for the Accelerated Reading Program. In addition to the above donation, members participated in two read-a-thons, one with family and friends, and another with approximately twenty-five first and second grade religious education students from the Parish of the Nativity Catholic Church. After the read-a-thon, these

students were treated to refreshments and a book to claim as their own. And last but not least, two students from the Eagle Lake Intermediate Campus will each be awarded donated books at the conclusion of an essay contest. The books they will be receiving were written by one of our own local authors, Sharon Sommer. Read Across America is an annual reading campaign sponsored by the National Education Association that was started in 1998. Since research has shown that children who spend more time reading do better in school, this campaign is an "awareness program that calls for every child in every community to celebrate reading on March 2, the birthday of beloved children's author Dr. Suess".
