comes with mashed potatoes or fries, vegetable and homemade dessert, tea or fountain drink
dine-in or take-out

201 Boothe Drive • Eagle Lake

Tips To Balance Work And Family

The world keeps changing, bringing more distractions into our daily routines. With everything going on between work and home, true balance can be elusive.

Here are a few hints to make your daily duties easier to manage.

- * End each week by making your own plan for the following week. Proper planning is key in attaining professional and personal balance.

By planning for the coming weeks, or even year, you can reduce clutter and focus only on what's most important. For example, each spring, clear out all the accumulations of winter and start fresh.

- * Give yourself permission to take time off. Alone. Until scientists unveil a time machine, there will only be so many hours in the day.

Meanwhile, your best bet is to get a head start on the rest of the family by getting to bed early and starting your day before everyone else is up.

With an hour or two to yourself, you'll have opportunities to focus on your own needs while getting prepped for those of your family.

- * With self belief, you can do anything. Many adults who find professional success follow a set of guiding principles that lead them.

By passing these rules down to the family, you can enjoy quality time with your children while equipping them for the real world.

- * Don't be merely successful, be significant. It's not all about money and fame; truly successful people are the ones who give back to society.

Everyone has the chance to

leave a legacy before they die. It will be what people remember you for long after you are dead. Rarely do people rate money or a workaholic who never saw their family as a good legacy. So decide on your legacy. Make a huge difference to this world.

- * Be realistic with yourself. Attaining work-life balance is about

having realistic aspirations. "Set yourself up for success by making realistic goals," she says. "Take into account the amount of time, energy and finances you have when setting the goals."

By following a few simple rules, you can get closer to finding perfect balance...or at least some sanity.

USDA Funding Available

Continued from page 5

and may be used to fund the purchase of real estate, buildings and building expansions, equipment and vehicles. Grants range from 15% to 75% and require matching funds.

If you would like to engage you community in conversations on farming and food, while linking to producers and customers, the 'Know Your Farmer, Know Your Food' website features social media tools to assist you. Visit www.usda.gov/knowyourfarmer for further information.

USDA Rural Development's mission is to increase economic opportunity and improve the quality of life for rural residents.

Rural Development fosters growth in homeownership, finances business development, and supports creation of critical community and technology infrastructure.

Further information on rural programs is available at a Texas Area or Sub-Area USDA Rural Development office or by visiting <http://www.rurdev.usda.gov/tx>.
