City Council

Continued from page 1

and make sure they are as council wants them.

Another complainant, Javier Salinas, addressed city council about a water bill and also alleged that he was disrespected by the city manager, Bill Rankin, when he went to the city office to ask about the water bill.

Salinas explained that he had a water leak and wanted to know if his bill could be reduced because of the strain the extra money would have on his family.

Salinas was informed during the meeting that his bill was not actually higher, as the meters for the month in question had not actually been billed out. He was told that the meters had been read, and that there was no significant difference in the amount of water used.

Salinas said that he deserved respect when he comes into the city office and that he would like an apology from the city man-

ager.

Morales said that he would look into the matter further, and no action was taken on the matter.

The city manager did not comment on the matter.

In other council action:

-The city cancelled the May election, as there were no opposed races. Mayor Mike Morales and Councilmen Chriss Schiurring and John Young will start new terms beginning in May.

-Discussed, but took no action on the status of a structure demolition on Clark Street. As some progress is being made, council agreed that the owner would be allowed to continue with the work.

-Took no action on a contract with the fixed base operator for the airport. Council asked that a final draft be prepared for their approval at the next council meeting.

NEWSBRIEFS

Continued from front page
