PUBLIC/LEGAL NOTICES

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

AIR QUALITY PERMIT NUMBER 92123L001

APPLICATION Mobile Recycling, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Air Quality Permit Number 92123L001, which would authorize a change of location of a Rock Crushing Facility located at 1055 Highway 90A West, Eagle Lake, Colorado County, Texas 77434. The facility will emit the following contaminants: particulate matter including (but not limited) rock and road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on March 19, 2010. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Eula and David Wintermann Library, 101 North Walnut Avenue, Eagle Lake, Colorado County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 30 days after newspaper notice is published.**

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the response to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

If a hearing request is timely filed, the executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

After the final deadline for public comments following any required Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or is on a mailing list for this application.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 30 days from this notice, the executive director may approve the application. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decisions on the application. Further, the Commission will only grant a hearing on issues raised by you or others during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or an association, the one or more members who have standing to request a hearing and the interests which the group or association seeks to protect, must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, additional notice may be provided. Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

INFORMATION Written public comments or requests for a public meeting or contested case hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www.tceq.state.tx.us/about/comments.html. For more information about this permit application or the permitting process, please call the Office of Public Assistance, Toll Free, at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040. General information regarding the TCEQ can be found at www.tceq.state.tx.us.

Further information may also be obtained from Mobile Recycling, LLC, 200 Bora Bora Drive, Tiki Island, Texas 77554-6106 or by calling Mr. Patton H. Caldwell, Owner at (409) 935-0698.

Notice Issuance Date: March 29, 2010

Could 9-1-1 Find You in an Emergency?

The Colorado County 9-1-1 Coordinator is in the process of verifying 9-1-1 addresses in your county. If your telephone number does not have a valid address assignment in the 9-1-1 database, you will receive a telephone call requesting your assistance. This information is critical to 9-1-1 and will help prevent a delay in emergency services response such as fire or EMS to your location during a 9-1-1 call.

Colorado County has contracted with our 9-1-1 database provider to gather information necessary for a valid address assignment. Our database provider will be calling and requesting your help during the week of April 5, 2010. If you have voicemail or an answering machine, a message will be left for you asking that you call 1-877-779-8871 and assist the call taker with updating the 9-1-1 database with a valid address for your location. If we do not receive an answer or cannot leave a message, another call will be made at a later time in an attempt to reach you.

If you have any questions or concerns regarding this request for assistance, please contact your local 9-1-1 addressing authority at 979-732-6380.

LEGAL NOTICE

Colorado County will sell surplus or salvage property at public auction on April 24th at 10:00 a.m. Auction conducted by Duncan Auctioneers. Auction site is 1290 FM 155 West in La Grange, Texas.
