# Baccalaureate For Seniors On May 23

The Ministerial Alliance of Eagle Lake announces its annual Community Baccalaureate service for the Class of 2010. The service will be held at 4 p.m. Sunday, May 23, in the sanctuary of First Baptist Church, located at the corner of Lake and Prairie in Eagle Lake. Rev. Kevin Collison of First Baptist and Rev. Ralph Morgan of Christ Episcopal Church are planning the program. Pastors of several other area churches will participate and bring words of encouragement for the graduates. The Baccalaureate will be a special service of Worship and Blessing for all students in the area who are graduating from high school. The Baccalaureate is the traditional spiritual and Christian commencement service for graduating seniors. In years past the service has included singing, scripture readings and prayers of blessing for the graduates. We welcome all graduating senior students in our communities. Many students in our community will be graduating from private or home school as well as public schools in surrounding communities. All are welcome to this service. Any senior student of Rice High School, as well as any graduating senior student living in our community is invited. The Alliance wants to extend a personal invitation to every graduating senior in our community. If you are a graduating senior student on our community whether private or home school, Rice High School or any other public school, we want you to attend this wonderful service in your honor. You may contact Collison at 234-2157 or Alliance President Joe Fling at 234-5536, or any member of the Alliance for details. Seniors need to bring their caps and gowns and assemble at the church by 3:30 p.m. Parents, faculty, administration, school board members, and the whole community are all invited to attend as our honored guests. The service will be followed by a time of fellowship.

THE DAILY GRIND

Almost of us grind or clench our teeth occasionally. But excessive heavy grinding, or bruxism, can lead to painful jaw and dental problems. Many people brux when sleeping, leading to sore and tired facial muscles, jaw joint disorders, and damaged dental restorations. Why do we do it? Stress and sleep disorders are at the top of the list. To help relieve stress, cut down on caffeine, and generally try to ease up on yourself. Bruxism can cause serious cosmetic problems for your smile, and general well-being. Your dentist can help by designing a customized plastic mouth appliance that interrupts grinding and protects the teeth. For the wear damage, composite resins or porcelain veneers can be fused to the front surfaces of your teeth. For extensive wear, your teeth may need crowns. Please see your dentist for a complete diagnosis. And try to relax and smell the roses!
