Nerve & skin damage Cold Therapy

Ice cooler devices, prescribed by surgeons and podiatrists for pain and swelling, may cause frostbite-like injuries to the skin and underlying nerves. Manufacturers like Donjoy Iceman, Breg Polar Care and EB Ice, often chose not to provide adequate instruction or warning that would have avoided these permanent, life-altering injuries. If you or a loved one has been hurt by a **cold therapy machine**, please call today for professional insight.
